17th December 2021

Dear Peter,

Thank you for your gift of £60. I read that this donation represents 5% of your monthly sales from Woodturnerpeter.com. We really appreciate the support of yourself and your customers and we promise to make it count. Merry Christmas and best wishes for the new year.

It's fantastic that you decided to support our work, especially at such an exciting time. We are currently funding over half of all the UK's research into cancer. And together with supporters like you we are making progress against over 200 types of cancer, bringing forward the day when all cancers are cured.

We know it won't be easy. We never forget the scale of the problem that we face. We never forget that one in two of us will still get cancer. And we never forget the damage that this disease can cause. But donations like yours give us hope that there can be a better future for millions of cancer patients. Because we know that with your support we can continue helping more people win their personal battle against cancer and live longer, healthier lives. That is the power of your gift.

Cancer Research UK is fighting for a world where no one's life is cut short by cancer. And there is real hope. Each year our scientists get closer to finding cures, whether that's through targeted treatment or simply detecting cancers earlier. As a result we've helped double survival rates in just 40 years.

If you have chosen to hear from us, we'll keep you updated about the progress we are making and the ways you can support our work in the future. If you would prefer not to hear from us, and haven't told us this already, you can contact us on 0300 123 1022 or at supporter.services@cancer.org.uk to let us know. If there is anything else we can do for you please call us on the number above or you can visit us at www.cruk.org.

Yours sincerely,

Charlotte Bound
Senior Executive - Thanking Team

Thank You

If your communication to us includes personal information about your experiences of cancer, please be assured that, in line with General Data Protection Regulations, while we have stored this information on our system to enable us to respond to you, this will not be used by Cancer Research UK for any other purposes.
