

## **Longstone Community Council Chair's Report for 2022/23**

I would like to start by thanking everyone who has helped the Community Council in the last year. This thanks includes the officers of the Council, the members of the Council and all those who attended Council meetings and contributed to the discussions and debates that we have had.

I welcome the slight increase in numbers and I'm pleased with our progress on the campaign for a controlled crossing on Lanark Rd by Kingsknowe Park. Also work on tree planting in Hailes Quarry Park. I was pleased with our achievements during the year. I thank everyone who contributed to the campaign to provide a footbridge over the river behind the development proposed on the former Booker site.

Des Loughney
