

OFFICIAL

From 17.10.2023- 17.11.2023 Stonehouse has recorded:

76 Incidents (which can cover all incidents including crimes, public assistance, lost property etc) with a small increase in the number of youth disorder and disturbance calls received this month.

Crime stats to follow.

Response/Initiatives

We continue to work closely with housing and the anti-social team to tackle issues such as neighbour disputes and noise complaints.

Unipar checks completed on 17th October 2023 at New Street/Lockhart Street.

It has been agreed that Community officers will hold a drop in surgery within the library in the lifestyle centre each month to encourage the community to come along and chat with the police and highlight any ongoing issues- dates will be advertised over the coming month.

We have been made aware of an increase in youth disorder this month specifically around Murray Drive and as a result we have increased evening patrols within in the area to target this.
