---

James,

Having looked at the plans for the public hall i have no objections to the proposals however i do wish to highlight that the red line outlining the site does not reflect the actual boundary position. The triangle area of land behind shop no 1 actually belongs to The Cross Garage and not the shop. I would also ask that a condition of planning consent during construction works that no scaffolding/hording works should be erected on or over my property that would block /restrict access or restrict the visibility splay when reversing out the garage as this would have a impact on business and access is difficult enough.

regards

David Dorricott
