Summary of Community Council Zoom meeting during Covid 19

Bank Renewables Funding due to Covid 19

We have now received an additional £4500 to help with Covid Relief from Banks Renewables. It was agreed that we would buy laptops, hand sanitiser, craft packs, including jigsaws, colouring books, pens and card games. Jim will purchase the laptops and Shona will purchase the hand sanitiser and craft packs and will be reimbursed.

Ailsa has also obtained another 250 visors from Glasgow University, which we will hand out.

We have been contacted by Jackie Simpson from Outdoor play to see if we could help fund some outdoor activities for children. It has been agreed that we would use of our Covid Relief funding to give a contribution towards this.

Micro Grant Funding

We have given out all of our Micro Grant funding but two of the cheques have not been cashed. We will need to chase up the

individuals who have not cashed their cheques, so we can apply for the full £5000 again.
