

# **Westmorland Geological Society Winter Lecture Series**

## **Members Evening**

**20th December 2023**

**Abbot Hall Social Centre, Kendal**

**19.30**

Members Evening is an opportunity to bring along your favourite specimens, talk about your favourite topic and share food with friends.

Members Evening was originally known as Members Conversazione as recorded in the 1973 WGS Proceedings: *'the first Conversazione held by the Society, it was extremely well-supported, no fewer than fifteen members contributing to the wealth of material which was exhibited. Indeed, the assemblage was so considerable and the detail so overwhelming, that only a relatively brief description of each exhibit is possible.'*

In this 50th Anniversary year let's match the number of exhibits from the 1973 event. Email if you would like to give a short talk or bring along your exhibit on the night.
