

The Ramblers - St Andrews & N.E. Fife Group

Ten St Andrews and North East Fife Ramblers made the most of a brief interlude in last week's wet weather on an easy 5-mile circular walk from Leven to Lower Largo. Strolling along the beach in the unseasonably mild sunshine several of us soon found ourselves having to discard an outer layer. Shortly before reaching Lundin Links we took advantage of some conveniently-placed rocks

for our coffee break, while enjoying the fine views out to sea. Leaving the shore we turned left and joined the coastal path to begin the return journey. After following the path across the golf course and along the shoreline we diverted towards Silverburn Park, where we settled at a couple of picnic tables for our lunch. The final stretch took us into Leven past the golf courses, onto the promenade and back to the car park. Before heading for home some thirsty Ramblers called into a favourite watering hole nearby where we completed a very pleasant day out.

Our next walk is this Sunday 27th November, a 7-mile circular walk from Falkland to Maspie Den, up to the Tyndall Bruce monument and returning through the Falkland Estate woodlands – a mixture of paths and tracks with a little road walking. All of our walks are open to guests who would like to try out The Ramblers, and full details can be found on our website www.standrewsnefiferamblers.com
