

The Ramblers - St Andrews & N.E. Fife Group

Seven members of St Andrews and North East Fife Ramblers met last Sunday at a very busy Temple car park in Lower Largo for a favourite, 4.5-mile walk to Keil's Den. Setting off uphill to Upper Largo in bright sunshine, with clear views across the Firth of Forth, we were hopeful that those fickle weather gods might look on us more favourably than on our previous walk. Our optimism was not rewarded however as, shortly before we reached the Den, a light drizzle forced us to don rain jackets once again. The Den itself provided reasonable shelter for a while and we were able to enjoy our lunch under the trees at a scenic spot by the Keil Burn, where to the amusement of her companions your correspondent displayed her limited grasp of elementary arithmetic. Just as we were preparing to move on the rain became more persistent, so we reprised the struggle into waterproof trousers from our last walk before marching, heads down, out of the Den and along a path towards Lundin Links. One of our number demonstrated impressive weather-forecasting skills, less than thirty minutes – enjoy the final part of the made our way back Tea and generously-sized Silverburn completed an enjoyable day, despite the inclement weather.

Our next walk is on Wednesday 6th September, a circular walk of approximately 4 miles from Boarhills along the coastal path to Fairmont hotel and back by the Kittocks golf course. All of our walks are open to guests who would like to try out The Ramblers, and full details can be found on our website www.standrewsnefiferamblers.com
