

The Ramblers - St Andrews & N.E. Fife Group

Following the cancellation of the previous Saturday's walk due to torrential rain, eleven members of St Andrews and North East Fife Ramblers were happy to gather in Cupar in much more benign, if slightly chilly, weather conditions for a mid-week, 6-mile walk to Cairngreen Wood. This was a shortened version of Walk 3 in our Cupar walks leaflet. We set off up Ceres Moor Road and through Owlet Wood before heading along tracks and a short stretch of road, bringing us to Cairngreen Wood. There we had a drinks break, glad of the shelter afforded by the trees from the cool

wind. Paths through the wood led us down to the Pitscottie Road, where we turned back uphill along a track beside the western edge of the wood, thus completing the circuit. We had lunch under the trees and then retraced our steps towards Cupar via Woodlands Farm, Owlet Wood and the Moor Road. After this pleasant, leisurely walk we rounded off the afternoon with a visit to a well-known café, where your correspondent made herself less than popular by commandeering the last available cheese scone.

Our next walk is on Sunday 22nd October at Falkirk, an interesting 7-mile walk on good paths and tracks, taking in the Falkirk Wheel, Antonine Wall, Rough Castle and two canals. All of our walks are open to guests who would like to try out The Ramblers, and full details can be found on our website www.standrewsnefiferamblers.com
