Data Subject Request Policy

Under the GDPR, any person (referred to throughout as the data subject) for whom the Parish Council holds personal data has the right to request information about the personal data held. This policy specifies how Stanton under Bardon Parish Council will handle a subject access request (SAR) from a member of the public.

SAR Procedure

The Clerk to the Council will process any SARs that are made. SARs can be made by any individual through the Parish Councils Subject Access Request Form (available to download on the Parish Councils website) and are to be sent to the Clerks email address or to the Parish Office. The form can also be used for individuals to apply to data restriction and data deletion requests as well.

The Clerk will maintain a log of the location of personal data to ensure that personal data is easily accessible at all times and can be deleted once the purpose of obtaining it has been fulfilled.

On receiving a SAR, the Clerk will respond confirming that they have received the request and will direct the person to this policy so that they are aware of the procedure. The Clerk will also forward the request to the Chairman of the Parish Council.

The Clerk will then do the following:

- Verify who is the controller of the data subject's personal data. If the applicant is not a controller but merely a processor, the Clerk will inform the data subject and refer them to the actual controller.
- Verify the identity of the data subject by requesting any further evidence on the identity of the data subject.
- Verify the access request - is it sufficiently substantiated? Is it clear to the data controller what personal data is requested? If not, the Clerk is required to request additional information.
- Verify whether requests are unfounded or excessive (in particular because of their repetitive character). If deemed to be the case by the Clerk, it may be refused or a charge applied to a reasonable fee.
- Promptly acknowledge the validity of the SAR and inform the data subject of any costs involved in the processing of the SAR. The Clerk will ensure that a response to the SAR will be provided within one month of accepting the SAR as valid.

- Process the data requested by carrying out a full and exhaustive search. If the Parish Council do not process any data, the Clerk will inform the data subject accordingly.

The Clerk will aim to provide a response to a SAR within one month after the request is acknowledged as valid, however, If more time is needed to respond to complex requests, an extension of another two months is permissible provided this is communicated to the data subject in a timely manner within the first month. If the Parish Council cannot provide the information requested, it should inform the data subject on this decision without delay and at the latest within one month of receipt of the request.
