It would be useful to have a shop with slightly more regular opening hours that takes card. Although most don't want the new homes around here, |
| | | | | | | | | | Bardon | | | | | | | Bardon | | | | | | | without this opportunity we would be homeless. 2 years ago I hadn't heard of Stanton-under-Bardon then after trying via the council in every district in Leicester/Leicestershire a housing association offered us this social housing home, while this area still has a bit of a stigma of social hosing tenant, I do work nearby and am a young parent. Although Stanton could do with a nursery as our closest one is Markfield, I don't drive and our transport links aren't great. Every 2 hours and finish at 4.30 going out the village and 6pm coming in. Also we could do with more shops. While John's shop is great we never know when its open which is difficult for us! Also there is no Mobile phone signal in this area, without wifi calling we have to walk up to the flying horse to make a phone call. Getting a landline isn't always an option (it isn't for us unfortunately as we live to our means). It would also be great to have more on in the summer for younger children, there seems to be very little opportunity for toddlers to meet others or parents to mix. |
