

REPORT FROM POWYS COUNTY COUNCILLOR HEULWEN D HULME

AUGUST 2019

NORTH POWYS WELL BEING PROGRAMME

Under the Powys Regional Partnership Board (PRPB), Powys County Council, Powys Teaching Health Board, Powys Association of Voluntary Organisations and other key partners from public service bodies, the private sector, and voluntary third sector organisations, are working together to take forward a once in a generation opportunity to transform health and wellbeing services in north Powys.

The North Powys Wellbeing Programme aims to focus on wellbeing; promote early help and support by being able to provide technology that helps you live at home; tackle the biggest causes of ill health and poor wellbeing; and ensure joined up care involving neighbourhood teams and communities working together so that you have a more seamless service when you need it.

To capture your experiences and valuable insights, we are asking people of all ages to complete a survey either online, or by paper copy from your local library where they can be left upon completion. We can also send out a paper copy directly to you by contacting us at powyswellbeing.north@wales.nhs.uk.

This survey aims to find out what matters most to the people of north Powys when it comes to looking after their health and wellbeing. How do people look after their fitness - both physical and mental - and what is important in terms of a good quality of life?

With your feedback, we will be able to plan our services in the area so that it is able to best meet the needs of people in north Powys.
