

REPORT FROM COUNTY COUNCILLOR HEULWEN D HULME FOR RHIWCYNON WARD AND PORTFOLIO HOLDER FOR ENVIRONMENT, HIGHWAYS TRANSPORT & RECYCLING.

AUGUST 2020

STREET SCENE

Discussions are well underway with Town Councils to take our towns street scene in a new direction and Anything is possible. With the support of the town council, businesses and residents, the council is happy to consider all options. Making our town centres safe and helping businesses to reopen and remain viable, is our main priority. By embracing the opportunities that these extraordinary circumstances have created we have the chance to create exciting, community themed public spaces for the benefit of everyone.

IMPROVING THE CANCER JOURNEY IN POWYS PROGRAMME

People living with cancer in Powys are being invited to share their experiences through an innovative programme – the first of its kind in Wales – which aims to improve the way cancer care and support is provided in the county. Improving the Cancer Journey in Powys (ICJ Powys) is a three-way partnership between Macmillan Cancer Support, Powys County Council and Powys Teaching Health Board. ICJ Powys wants to ensure that every adult in the county who is diagnosed with cancer is able to have a conversation with a trained professional about their needs and how best these can be met. Over the next few months, we will be engaging with a number of stakeholders, including staff, in order to gain an in depth understanding of what holistic support is currently offered to individuals living with cancer along their pathway. We also would like thoughts and ideas on how an integrated model of care could look like in Powys, in order to ensure individuals living with cancer feel listened to and that their identified needs are met."

For more information please contact the programme the team on ICJPowys@powys.gov.uk or contact Sue Ling, Communications and Engagement Officer directly on 01597 8260423.
