

Annual Report 2023/24

Presented to Council on 22nd May 2024

There have been 7 meetings since the 2023 AGM with good attendance from the Councillors. The chair during this time was Cllr. Alwyn Nutting and vice chair was Cllr. Graham Green. During this time 8 planning applications have been discussed

Sian Griffiths continued as the internal auditor and has recently completed the 2023/24 audit.

A total of £1150 has been donated to various causes, this includes £500 to the ladies on the Urdd Committee to help them towards their £3000 target, £200 to the Community Association towards the Coronation celebrations and £150 to The Game Change Project. The Council continues to support only local causes.

The Community Council also agreed to take responsibility of the maintenance/upkeep and training for the 3 defibrillators in the area. A donation of £50 had been gratefully received from a resident towards these costs.

At the latest budget meeting the precept was set for 2024/25 and was unchanged from the previous year.

Potholes and blocked drains continue to be a problem within the area.
