9. External meetings

* ERYC Draft Planning Enforcement - County Hall, 28th February 2.00 pm Cllr Bernard reported an interesting meeting at which about ten parishes had been represented. According to the information provided, the majority of complaints were received from the public with a few larger village settlements, such as Bridlington, Tickton, and North Cave filling the next tier. The Group was told that several methods of planning enforcement were used to control infringements and these were activated according to a priority list according to the degree of variation to the approved plans. There was a range of severity of 'punishment' that could be meted out from 1-10 days after the complaint had been prioritised. Cllr Bernard found this to be a good meeting which lasted about one hour.

* *Joint Local Access Forum, Bishop Burton College Wednesday 13th March 2.00 pm – Cllr Bernard to attend if possible.*

10. Documents for/in circulation:

NONE

11. General / sundry correspondence:

* Clerk & Councils Direct

12. Councillors reports:

Cllr Mahl asked if the benches at the Millennium Garden were to be re-painted. She was assured that this work was in hand.

Cllr Rookes reported on the 'leaking river bank' apparently the water level had been dropped to allow for work on a fish ladder to be completed. Once this was complete the water level had been allowed to rise a little.

He also reported seeing a number of youths in a silver coloured car driving up and down Main Street in the early hours of Sunday morning. He felt that their behaviour was suspicious, and it had been noted by other residents but unfortunately no-one had noted the car number plate.

The ward councillors left the room at 8.10 pm and the meeting finally closed at 8.45pm. The Chair thanked everyone for attending and confirmed that the next meeting, would be held on the 8th April 2019 at 7.30pm in the Village Hall
