- a. **Letter from resident, various matters** - The Parish Council received correspondence from a resident requesting the tidying of the Memorial on the Main Street and various other matters that are beyond the control of the Parish Council. The vegetation behind the Memorial has been cut back and the Parish Council will seek quotes for the repair of the base. The resident will be informed of this information.

- c. **Community Transport** - The Parish Council will be willing to pass on details of anyone who would benefit from Community Transport or wishes to volunteer as a driver.

6. Administration

- a. **Village Improvement Committee** – The Parish Council solicitor confirmed the only main issue with volunteers using the land on the main street is insurance restrictions, which include a tree survey, risk assessments and protective clothing. The Parish Council is waiting for the results of the tree inspection before making a decision.

The bench at far end of cemetery was rotten and has been removed, the rest of the Parish Council owned benches have been restored.

- b. **Social Centre** – The hall is being decorated and is looking very clean and tidy. There is a coffee morning booked on the 30th September supporting the Macmillan Charity. Future events include bonfire and Christmas celebrations.

9. Councillor's Reports

Although the footpath from the Church to the village has been worked on by East Riding of Yorkshire Council, there is little improvement in some places and this will be reported again.

The bushes blocking the view on the bend of the road near the Church will be reported to East Riding of Yorkshire Council.

A resident raised a concern regarding communication poles being erected in the village. The erection of communication poles is now classed as permitted development, which means companies are no longer required to ask councils' permission, in addition to not having to consult with affected residents.

The meeting closed at 9:05pm and the next meeting is the 9 October 2023.
