4. Matters for Ward Councillors
The Parish Council has received several complaints regarding parking on the Main Street near the junction of South Townside Road, parked vehicles are causing a blind spot for traffic exiting South Townside Road and vehicles travelling from Grange Road are unable to see if the road ahead is clear before pulling out to overtake the parked vehicles. Children going to and from the playground regularly use this section of the Main Street to cross the road, residents are fearful of a serious accident. The matter has been reported to East Riding of Yorkshire Council (ERYC) who have explained that there are no traffic restrictions in the area and as the parking is creating an informal traffic calming measure, any request for restrictions would not be supported. Ward Councillor Owen is looking in to the matter further.

5. Matters Arising and Correspondence
East Riding of Yorkshire Council are offering a programme of funding for bus shelter purchases and repairs. The Parish Council would need to make a contribution towards the cost, maintain the shelters and ensure adequate insurance is in place, in the case of new shelters, the Parish Council would need to carry out a public consultation survey. The Parish Council resolved it will not be applying for funding at this time.
