Deadline For Inclusion In The Next Issue: Thursday 31st October 2013

Editorial

With this issue, we have survived two years together !! Well done !!
Thank you for your support.

Again, as you can see, we have used colour for this issue. We have tried to capture the delights of our summer in pictures, and we have been well supplied by you with pictures. Thank you. As you will know I try to include anything that you send in.

On a personal note, I must apologise to Kathryn Kell because I put her June/July notes for St Elgins into the August/September issue. Also the Farm shop ad was the June /July version. Hence the reprint of page 15. I must be more careful in future.

Also, I trust you enjoyed the Village Fete. I was involved with Rob Andrew on the Neighbourhood Watch stall and I know how much work he must have put into its success. Well done. My thanks to **all** of you who put in time, effort and money and helped to make the day a success.

Again, we must thank the volunteers that have distributed Village Voice. There are nearly 350 residences in the village and outlying farms and their help is very important. From time to time I deliver things round the village and can sympathise with all who do deliveries – some of the letter boxes are vicious and we seldom use our own and therefore don't know when ours is vicious!!!
If you think you could help with this distribution please contact us.
Also we would appreciate help with organising the distribution.

If VV didn't arrive on your doorstep, I must apologise. However, we have put spare copies in the Post Office where one can be collected.

We would like to feature all our local businesses in these pages. Financially we are dependent on our costs being covered by the adverts. So please try to support these local businesses when it is appropriate. It is worth pointing out that we have sponsorship from businesses that either don't expect to generate additional business from their ads or don't wish their ads to be published – they currently have enough to keep them busy and don't wish to have to turn people away. Very many thanks to all who make Village Voice possible financially.

Also we try to cover all aspects of village life and believe that the Church, School, PO, & pub are fundamental to providing this identity.

Do you think you would like a prayer said for yourself or a loved one?

Are you concerned about someone? Do you feel at a crossroads in your life? Would you like some support by people who would pray for you?

If the answer is yes, then we can offer to pray for you at our monthly Prayer Lunch.

If you would like prayers to be offered, there are two ways to do this.

- There is a prayer tree in Church. Fill in a card and hang it on the tree.
- Put your request in an envelope with 'Prayer request' on the outside and pop it in at 88 Main Street.

We do not need names or personal information - an initial will suffice.

eg. 'Please pray for S who needs surgery/been made redundant'

Edinburgh Castle

So, for us July was the month that we had our open day for Winston the Wind Turbine, and so many of you turned up and even climbed to the top! I hope the people who came enjoyed themselves greatly. The star of the show was most likely Diane who is petrified of heights, yet she did it, she climbed up to the top, and back down again without putting a foot wrong

A few things have happened since the last issue of the village voice, other than the open day. First of all was the looming of the gcse results day, everyone did so well, I am proud to say my results were fine. 1A* 3As A Distinction, 4Bs and 3Cs.

Secondly, my sister and I headed up to Edinburgh on our own, to stay with our cousin and her family for four nights; it was an amazing trip, we went into the centre on the Sunday night and saw people singing, dancing, playing instruments and juggling with a chainsaw. We also travelled to ocean terminal where HMS Britannia is docked, absolutely fantastic. We also went up to the castle, what a brilliant view it was from the top, I'm not that great with heights, but it was worth it for that view! On another note, I'd like to say Happy 50th Anniversary to my grandma and granddad who will be celebrating on the 14th of September. These two are an inspiration to all of us as they have stuck by each other through thick and thin! Love you two very much!!

That's all from me now; have a good start to the school year, children and adults alike!

History Group

In July the History Group enjoyed its annual outing, this time to Thornton Abbey in Lincolnshire. Those of you who have glanced at the 'History of Frodingham' will know that the parish was given to the Augustinian priory by William le Gros, Earl of Yorkshire as part of large endowment of lands in the area. We remained under the ownership and control of the Abbey until 1539 and the History Group members felt that as their Frodingham predecessors had contributed towards the cost of maintaining the priory, they should become better acquainted with the property.

It was a lovely day as twenty nine members made their way across the Humber and through the narrow, winding lanes of north Lincolnshire to the Abbey. Once there they could choose to investigate the display in the Great Hall above the gatehouse, walk across the fields to the remains of the Abbey buildings, watch the archaeologists emulating 'Time Team' at various points around the grounds, or simply sit in the sun with an ice-cream and enjoy watching the world go by.

A word of acknowledgment for the 'diggers' organised by Sheffield University, they were so helpful and willing to answer the group's questions, explain what could be seen, and the 'top man' even donated a brick from the Abbot's lodging for our own little museum.

The outing was rounded off by a stop in Barton for tea and cake before crossing the bridge again and returning safe but tired, to Frodingham.

There are copies still available of our 'book', for any household that has not had a copy, simply contact one of the Group members, or call at 89 Main Street. Copies are free to residents, or a donation to the group funds would be welcome from non-residents.

Local History Museum

The Museum has closed for the winter, it is simply too cold to sit in the chapel each Sunday afternoon.

In any case the History Group will be planning and preparing its contribution to remembering World War One.

This is where we could really use your help: Do you have any photographs, stories, bits of uniform, medals, anecdotes etc. related to the Great War (obviously handed down from fathers or grandfathers) in your possession? Would you be prepared to let us copy or borrow them for our exhibition, which will be part of the nationwide recognition of the Centenary of the start of the war? Please contact any member of the History Group if you can help.

WOLDS WANDERERS

Owing to a breakdown in communication, the July group walk failed to go ahead. Unwilling to miss out on a gloriously sunny day, we took ourselves off on our own.

Parking by the church in Huggate, with its peaceful secluded graveyard, we set off up the Warter road to join the Hawold Bridle Road. From here we had lovely clear views across the

Wolds and the Vale of York. Even the power stations couldn't spoil it on a day like this!

We'd been promised a heatwave but, though hot, there was a refreshing breeze, which made for perfect walking. The highlight of our walk was to find in Nettle Dale one of the localised populations of Marbled White butterflies. They were all round us in great numbers. Turning here, we headed back along the Huggate Sheepwalk, making a detour to take in Glebe Farm.

The August walk was very well attended with 17 of us: 13 doing the full 8.5 miles. It was a walk to stir old memories – we started at Centre Farm, North Dalton, where Barbara had spent her childhood, and followed the Minster Way west to reach Blanch Farm where Joan had grown up (and done her courting).

Turning eastward, we walked through Deep Dale, enjoying Wolds countryside at its best, before heading south to North Dalton. This fine walk was rounded off by a splendid cream tea at Barbara's home, where we all admired the fine job she'd made of landscaping her garden.

A Few Items from the “Hull Daily Mail”, July 27th 1940.

The price of the newspaper was 1½d – a penny ha’penny. (There is no longer a modern equivalent, it’s less than 1p).

If you had wanted to live on the outskirts of Hull, a nice three-bed villa, with low rates, would have cost £3-5s-0d (£3.25) per month to rent.

To buy a modern three-bed semi in Leeds would cost £595.

Someone in Hull wanted to buy a portable copper? (A copper cauldron, often with a gas ring underneath, to do the laundry – Ed.)

A woman in Filey was fined £3 for showing a light during the blackout – that was an expensive light!

Showing at the CECIL and DORCHESTER: “Drums Along the Mohawk” – a beautiful romance, glorious spectacle and throbbing with adventure..... There were 23 cinemas advertising in this issue of the Mail.

We have received reports of companies contacting persons regarding the illegal usage of internet facilities and offering to track the persons concerned down for you for the sum of GBP100.00. (We've most likely all been contacted at some time or other in recent months regarding PPI claims, there are so many companies now offering the service, it now appears illegal usage of the internet is another tactic).

Reports of ATM's in the area being targetted by card fraudsters have raised their head again. The latest report being in our area outlining an ATM in Driffield at which a member of the public reported the machine had had small dots attached to the top of its frame. The matter was reported to the relevant persons, who arranged for the ATM to be checked - no offences have been reported at this time, but please be mindful when using ATM's - check for such dots/anything untoward around the framework of such machines and always protect your PIN number from persons standing behind/near you. I see so many people using these machines who input their PIN numbers openly, whilst people are in close proximity to them. Don't assume other persons are as honest as you are, shield your PIN number.

There have been a number of reports relating to the theft of scrap metal and tools from vehicles overnight. If you carry tools in your vehicle, please ensure they are out of sight/the windows are suitably covered/obscured and the vehicle left secure.

Reports of the theft of steel castings and plumbing equipment have been received, these having been stolen from vehicles during normal working hours, whilst vehicles are being loaded with products enabling persons to carry out jobs that day. As the vehicles are parked on business premises in daylight, people become complacent and do not secure the vehicles each time they go in/out of their warehouses to obtain further parts. This is a daily occurrence and it appears it has been duly noted by persons unknown.

The Parish Council have asked for the inclusion of three 'warning notices' in Village Voice.

1. Concerning illegal parking in Foston Lane close to the junction with Main Street (probably for access to the Post Office). There has been one accident already between a lorry, a parked car and a satellite dish. Also cars should not be parked on the pavement (I know this is to get out of Max Winter's way but) it is illegal and the police are now aware.
2. The other concerns whosoever it is who persistently drops litter at the corner of South Townside Road/Main Street near the bus stop. Youngsters waiting for the school bus are suspected of having their breakfast while they wait - but please can they take their litter home or find a bin to place it in.
3. Dog waste - more information than warning. tied bags of doggy poo can be placed in the public litter bins (not those in the children's playground) and private green bins. We cannot place Dog Waste Bins all over the village because they cost a lot of money and are infrequently emptied, really the best option is to take it home and put it in your own green bin.

Ward Councillor Input

Social Centre (SC)

The SC committee is hopeful that someone will come forward to re-open the youth club and that some community-minded people will join the Social Centre Committee to help keep this important village asset functioning smoothly, we promise you that no-one is dragooned into hard labour, mostly it involves a short meeting once a month to discuss and agree what we do next.

The Summer Fair was a success with £140 raised towards the cost of a new front door; however as an anonymous person kindly broke a window in the Main Hall, funding the door may have to be postponed whilst the cost of repairing the window is raised. It seems that some of our young people still are intent on damaging the Village Hall from the imprints on the windows of the meeting room they seem to have been kicking a football against them as well. Perhaps you don't appreciate that the hall belongs to you the residents in the village and that it may be your son/daughter who is damaging your property.

Once again the small Social Centre Committee is asking for volunteers to help with running the Hall and Playground, particularly after the untimely death of one of the Trustees of the Centre. Just come along to one of the meetings (see the diary) and find out what goes on.

On the afternoon of Sunday 18th August a group of cyclists of all ages and abilities amassed at The Blue Post to begin a charity bike ride. A treasure hunt (including a few refreshment pit stops) was completed and eventually the victorious team was named as John and Nancy Rookes. The ride was followed by a well-earned hog roast at The Blue Post which was kindly organised and supplied by Steve Harrison, Paul Headley and Dave Young. The organisers would like to thank everyone who took part and supported this event which raised £615 to be shared between North Frodingham and Beeford playing fields. John Judson (pictured right) seeing the riders off.

**Becks, Banks, Drains and Brains" Exhibition on display at the Social Centre
Saturday, 31st August**

The River Hull valley, with North Frodingham near its centre, is one of England's best-drained marshland areas. This touring exhibition was put together from material supplied by the Local History Group and others. Watch out for the forth- coming book, produced by ERYC.
