Youth Club alternate Friday evenings **in term time**

Frodingham Museum Sundays 2.00 pm – 4.00 pm until September 28th.

P C C. Quiz night Thursday 27th November

Morning Coffee 6th December – 8.30-10.30

Book Swap, Review and Superfast Broadband Query

As a regular user of the monthly book swap I thought I'd let you all know a bit about it. Firstly it's free and the idea is to bring along one or more books you have read and then you can take up to 4 books of your choice. There is plenty to choose from with a selection of over 400 from well-known authors like David Baldacci, Celia Ahern, Jodi Picoult, Freya North, and Michael Connolly. You can even try out a different author. There are lots of genres too from chick lit to thrillers, historical novels, autobiographies and comedy as well as the latest top reads. Come along and have a browse you're sure to find something.

WOLDS WANDERERS

For a variety of reasons the September walk never happened. In October, however, we were blessed with a beautiful sunny day, more like summer than autumn. We parked up in Bainton, crossed the very busy Middleton road and picked up the Minster Way. This led us along dew-laden field headlands to North Dalton. Striking due north, with buzzards wheeling overhead and impressive views all round, there was a gentle ascent to the top of the Wold before dropping into Deep Dale. Turning east we followed the dale to Low Wood and the Tibthorpe road. Turning again, we followed the road-side verge back to our starting point.

A very straight-forward but never-the-less very satisfying Wolds walk in good company.

Beeford Bowls Club 2014 This year has been an excellent year for the weather with only a few matches called off or re-arranged. The green is in superb condition due to the efforts of a number of club members who have put hours of hard work into making it so. The green is now completely fenced in and we have a very good club house.

The club winners for this year are: Singles – Ian Frost. Pairs – Jan & Richard Jennings.

Triples – Richard Jennings, Eric Smithson and Ernie Perry. We are always looking for new members and would welcome any one who would like to come and try their hand at flat green bowls. There is no obligation and we are a very friendly club with a good social side. The club will be open again in April of next year. Come and give it a go.

F.A.W.

Editorial

Again, another colourful edition. We hope that you like the front page which again has been the work of the pupils at our Primary School

Looking back I find that this is the 19th edition that I have edited, obviously with massive support from Peter. i.e. into my 4th year !!! And I will aim for this to be the best year for V V yet. However that is heavily dependent on you – your inputs.

Like me you are probably fed up with the regular notices appealing for dog owners to pick up their dogs mess. I get frequent requests to include prominent notices to try to shame the guilty owners to reform. The culprits are few but persistent. Most of our village dog owners clean up.

Again, we must thank the volunteers that have distributed Village Voice.

Reducing the risk of chimney fires

Many of us will soon be lighting fires for the first time in months. As part of Home Fire Safety Month, it is aimed to raise awareness of safe chimney use, including the importance of ensuring that chimneys are swept regularly, are clean and appropriate quality fuel is used.

What causes chimney fires?

Chimney fires usually occur because the deposits of combustion are left within the flueways. A chimney fire is the burning of soot within the flue system, and can result in damage to the flue, house or surrounding structures and can start a house fire.

Chimney fires are usually started when high temperatures or flames extend into the appliance outlet and ignite the combustible deposits.

Humberside Fire and Rescue Service is urging residents to follow the following guidelines:

- Ensure your chimney is swept regularly, according to the type of fuel used:
 - o Smokeless fuels – at least once a year
 - o Bituminous coal – at least twice a year
 - o Wood – quarterly when in use
 - o Oil – once a year
 - o Gas – once a year (Any work on gas appliances requires a Gas Safe registered installer/engineer)
- Keep chimneys and flues clean and well maintained
- Be careful when using open fires for warmth. Make sure you always use a fire guard to protect against flying sparks

- Ensure the fire is extinguished before going to bed or leaving the house
- Ensure good quality fuel is used
- Never interrupt the air supply by blocking air vents or air bricks

Responsibilities for the maintenance of chimneys Renters and owners

Any person that uses flue appliances has a responsibility to maintain the appliance and flue.

Landlords

Landlords have a duty of care to their tenants and are required to *repair and keep in working order, any room heater and water heating equipment.*

After a chimney fire has occurred it must be inspected thoroughly as soon as possible by a Certified Sweep before the chimney is used again. This is to ascertain if the rapid and dramatic changes of temperature, which would have occurred within the chimney, have caused any damage and to determine the need for any remedial measures.

Chimney sweeping

Chimney sweeping is important. The function of sweeping the flue/chimney is to remove the deposits that build up when the burning of carbon based fuels occur. By sweeping the flue/chimney it ensures that there is a clear and safe passage for the safe exit of combustion products. This lessens the chances of the chimney catching fire.

It is important to remember that all fuels – including oil, gas, wood, charcoal, coal and smokeless fuel – contain carbon and care should be taken with all flues at all times. If you do not get complete combustion then carbon monoxide will be produced.

Sweeping will also ensure the safe removal of obstructions that may have lodged inside the flue: nests, cobwebs, flue collapse (loose brickwork), which could prevent the safe exit of products of combustion. The other function of a chimney sweep is to help and advise people in the safe use of the appliance.

Find your local chimney sweep at www.nacs.org.uk or at www.hetas.co.uk

NEIGHBOURHOOD WATCH

**ALL MEETINGS ARE ON THE THIRD MONDAY
of March; June; September and December
IN THE SOCIAL CENTRE AT 7pm**

The last 2014 meeting is: December 15th
If you feel you could spare half an hour, then
please come along to the meetings

Please remember to keep your Christmas presents out of sight from windows, also when shopping and returning to your car with your goodies don't just lock them in the car and walk away to do more shopping; get in your car and move it away to another space in the carpark.

From Jane Evison & Jonathan Owen – County Councillors

BUDGETS

Although next February's council tax budget seems a little way off East Riding of Yorkshire Council has been working on the council's finances and most importantly thinking about how we aim to protect the services you value most. Since 2010/2011 ERYC has made £71 million of reductions with a further £70 million of savings to be made by 2017/2018

Whilst making these budget cuts we have still managed to hold the council tax at 0% increase whilst maintaining the services you tell us are important to you. Every year we invite representatives from all the parish councils as well as partner organisations to attend budget meetings where the council provides a true insight into the choices councillors will be faced with when producing the budget for next year. Our budget meetings for this year start in November and there has been a high level of demand from people wishing to attend and the events are now fully subscribed. However this year to ensure we gather as much information as possible from residents anyone who would like to have their say on the council's spending priorities can do so via an online survey.

The new online survey should only take five minutes of your time and closes on Friday 5 December.

To complete the survey go to
www.eastriding.gov.uk/budgeteventarticle
- which will be live on Tuesday, 21 October, 2014

THE LOCAL PLAN

The East Riding Local Plan is the name for the suite of planning documents that together will provide the long

term plan for development in the East Riding it will provide the framework for managing new development and addressing the main planning issues in the East Riding to 2029.

Whilst perhaps sounding a bit heavy and uninteresting this plan once adopted will be used to guide investment decisions and determine planning applications which affect all areas of the East Riding. It identifies the location and amount of new development that will take place in different towns and villages in the East Riding, including new homes, shops and businesses. It also identifies where development should not take place, for example because of the risk from flooding or because a site is protected to remain as open space - such as allotments and playing fields. As part of the process before the plan can be adopted it has to go through a public enquiry stage, which is where we are at present.

North Frodingham is designated as a Village in the draft local plan; this means that only small scale development within the development limits would be allowed, whilst ERYC has no plans to alter that we must await the inspector's decision. It is hoped the process will be completed by late winter /early spring.

CHRISTMAS CAR PARKING

We recognise how difficult things have been for a number of our local businesses in the current economic climate and as in previous years we aim to support the local economy by providing free car parking at the key Christmas period. We hope this will encourage people to shop locally and attract trade to the town centres in the run up to Christmas.

SH ENERGY
Advice Design Installation

Photovoltaic (PV) Panels

PV collectors utilise free energy from the sun and daylight to generate electricity. SH Energy are currently installing small domestic systems, less than 2kW (eight panels), up to 50 kW systems on commercial buildings. Ground mounted arrays are also proving popular for customers with limited roof space but have large gardens or land available.

The Photovoltaic (PV) incentive is in place with a feed in tariff giving an immediate income as soon as the product is installed. For more information please visit our website or call us directly.

We've had a very exciting first Half Term of Youth Club, with the money raised from the Lifestylers we have purchased a playstation and wii console along with games and extras.

We had a Halloween Bash on October 17th with 31 children

t.

Note the new dates with a Christmas

collared shirt, or just come as you are to the Christmas Party. ☺ We'll have some Christmas music and games, along with food and such. So I look forward to seeing you at the next Youth Club night!

In other Youth Club related news I would like to congratulate the children from Lifestyle: Emily, Izzy, Connor, Emma, and Amelia who have won a prize for their fundraising efforts this summer. They have been invited to the Awards Ceremony at Hull City Hall on November 12th. Not every team that has won a prize are invited to this ceremony, therefore, it is a great honour to receive an invitation. I would also like to say another thank you to the North Frodingham community who came out and supported these children, you were a huge help. . Thank you all for supporting us.

Parish Council Report

Well at last we have a litter bin at the Playing Field, although it was sad that it was knocked off its concrete plinth within 2-3 days of being installed! Having taken about 13 hours of correspondence/meetings/ etc to finally get the bin we hope that it will prove to be successful in reducing litter in this part of the village.

One new planning application was discussed, for yet more ground mounted solar panels in one of the fields, no objections were raised.

Council was represented at an ERYC organised meeting during the month, during which delegates were made aware that dealing with failure to clear dog mess from public areas is now a high priority. Now it is possible for details of offending owners to be reported and for them to be sent a warning letter from the ERYC Dog Wardens – you have been warned:

Do you see irresponsible dog owners walk on after their dog has fouled.

REPORT THEM TO US IN CONFIDENCE

DOG WARDEN SERVICE – 01482 396301

Where possible please tell us : location & time & date of fouling, name & address of dog owner, description of the dog. To request removal of dog faeces please call 01482 393939 from East Riding Council

Our local Police contact was able to report no incidents in North Frodingham, but warns that criminal activity is spreading throughout the East Riding. Thieves are targeting anyone who does not lock their property or maintain constant vigilance. Telephone scams are increasing in number and variety; the latest included a caller saying ‘Hey this is sorry I missed you, call me back quickly on 0809..... as I have something important to tell you’. 0809 is an area code located in the Dominican Republic; the call charge is £15.00 per minute and there is no redress if you make the call!

Sussex Police said **‘Do not dial area code 0809, 0284 or 0876 from the UK unless you know the person you wish to contact.’**

WANTED – Dry & Secure Garage / Barn / Shed to store a VW Beetle

My 1974 VW Beetle is going to be off the road for a year or so and I’m looking for a secure space in an unused garage or a corner of a dry barn / shed for at least a year and probably a bit longer.

To be completely clear, this is just for storage - I’m not looking for a workshop and won’t be in and out every weekend wanting to do bits to the car. That said, I would need to be able get to it occasionally when required.

I live in North Frodingham so somewhere local would be ideal but I’m happy to consider anything that is dry, secure and cheap! I really can’t afford anything like commercial storage rates – but if you’ve an unused space that might suit and will give you a bit of extra spending money, then please let me know.

Tues.9th.Dec. 'Christmas Coffee Day' at the home of Mrs Ann Briggs, 98, Main Street, 10am to 4pm.

Sat.31st Jan. Drifffield Male Voice Choir 7.30pm at the Village Hall.

Sophies

Here's a tip for free, always check your emails.... If I had done that, then I would have put a piece in the last village voice, about me moving schools, and potentially moving to a school in Scarborough, but as most of you know already, I didn't go to Scarborough. I have joined my dearest little sister at Hymer's to re-sit year 12 after getting those awful results. It was a huge change from Drifffield, but it helped that I had such support from some amazing friends and my family. I have now swapped from Maths to RE and from History to Tudor History, and I've kept Business and French. A lot of people didn't get what they wanted in their results this year, and getting a second chance is a miracle, but it would have been better to get it right first time, so I suggest, to who-ever is reading this, be it GCSE or AS level student, take into account that you really do need to study hard, ask questions, and keep asking your teacher to help you if you don't understand. I'm sure if I had the courage to ask more questions last year then I wouldn't be in a year lower than the people that I have been to school with for several years.

RE is amazing; before you start to roll your eyes, it isn't just what you expect, it has really opened my eyes, made me think more about what I say and do, and what the consequences of my actions might be. Our teacher said that RE has made believers doubt their faith, but for me it has strengthened it, but made me see that I should take in other people's opinions, I may not believe in the Big Bang, but others do, and I respect that; that's what the world needs. it needs respect, if we all respected each other's ideas and beliefs, then maybe, just maybe, it would be a little more peaceful on our little planet.

I also want to mention Young Farmers, it is open for people aged 10-26, and is a great way to make new friends. I've made friends that I know will be friends for life, it is great fun. If you want to come along, don't hesitate, Brandesburton Young Farmers is ran on a Wednesday evening, and we do a lot of things. If you want to get involved send a text to either the chairman Charles Taylor on 07706940768, or the secretary (that's me) on 07725332501. Our next meetings are:

5th November- Bonfire Night

12th November- visit to Auntie Bessie's Bakery

19th November- visit to Pot-a-doodle-doo in Bridlington

26th November- Flowers for Christmas at Brandesburton Parish Hall

3rd December- visit to Newsome Brewery, Winestead.

17th December- Carol singing (always a fun evening)

So if you want to become more confident, have a laugh, and make friends for life, come and join us.

Finally there are some people in my life at the moment, that are fantastic, they're the sort of people that you can rely on for a chat, and a cheer up any time of day, in the past few days, when we lost our horse, they have comforted me, and I want to thank them, they know who they are, I don't know what I'd do without you guys, honestly, you are fantastic, I really do love you lot.

Jelly Tots is a friendly, local playgroup for babies and children up to 5 years old. We offer playtime for Mums, Dads, Grandparents, Carers and their children offering a large selection of toys, craft activities, dress up, ride on's, singing etc We meet every Wednesday morning (term time) from 9.30am until 11.30am at the Village Hall. The cost is £2.00 per child (50p per additional child) which includes tea / coffee and biscuits for the grown up's, milk / juice and a mid-morning fruity snack for the little ones. We do hope you'll come along and give us a try - new faces are always welcome so we look forward to seeing you! If you would like to know more please call Lynn on 07823 373228

Christmas at *The Blue Post*

Family run free house since 2010.

Keep up to date with our festive events and menus by coming in to see us or checking the Blue Post facebook page.

Senior Citizens Christmas Lunch
Wednesday 17th December.

New Year's Eve

We are welcoming in the New Year a little differently at the Blue Post this year.

We have hand crafted a luxurious 3 course set menu at £30 a head and we would love to invite you to enjoy a relaxed evening with your loved ones in our cosy restaurant (and of course a few cheeky glasses of bubbly if you so desire).

With the log burner giving out a welcoming warmth and great food, drinks and company you're sure to have a New Year's Eve to remember, without the fuss.

Please see inside for menu, or give us a call for details. Demand is high so booking is essential.

Email: northfrod@eastriding.gov.uk

Another busy and exciting time here at North Frodingham Primary School. Where the children have had visits to the Theatre, Tesco's and a visit from a Tractor and a whole school 'Cookie-Cook'. Thank you to everyone involved.

We had a very successful Macmillan Coffee morning in school where we raised 188.40. This also fitted with our assembly themes this term which have been about making a difference and everyone taking part.

Christmas is also an exciting time in School and the children are busy rehearsing for Christmas plays and there is always an abundance of glitter.

We are currently updating our Foundation Stage waiting list in school. If you have a younger child who is not yet on our list or someone you know in the village can you please let us know in the office.

I am afraid we have some bad news about the recent 'Bags 2 school' collection. Unfortunately we will not be receiving any money from this campaign as some of the bags collected were contaminated with faeces. This is obviously very upsetting and disturbing and means that the children will be missing on items that the money raised would have bought.

We are still busy planning our centenary celebrations, if you have any photos or information about the school in the past please get in touch with us, as we are keen to learn more about our village school in the past.

Thank you as always for your support.

Michelle Bell

Badminton Reports

I would give our coach Martin a thumbs up!

I can remember when I couldn't hit the shuttlecock. I also learnt to never hit the shuttlecock too hard because it will go out of court. Also I learnt to always make sure no one is around because you could hurt someone.

My favourite way to hit the shuttlecock is the slam shot, when you throw the shuttlecock in the air and you whack it like a fly.

By George

This report is about how much fun badminton is. We have learnt a lot about badminton, since we started in September. I have got very good. I learnt not to hit the shuttlecock too far. When we started I thought we were going to be using tennis balls. We always try to do good work. We have learnt to hit the shuttlecock carefully because if we hit it hard, it would hurt someone if they were to get hit in the face. We have also learnt how to do an under arm shot. Also we should not hit people with the racquet.

By Harriet

Welcome Aboard the Grand Tour!

By Thomas

Today you will be amazed, step inside please, fasten your seat belts because the teeth might crunch you up into bits. Right off we go down the oesophagus, be careful of the tongue it might wobble you about. Let's go down it will feel like a hundred miles an hour, three, two, one off we goooooooooooooooooo!

Right we are in the stomach okay, right be very careful. Look out of your left hand window oh, there are strawberries and grapes around the acid.

It's a very healthy stomach, just look at the really big strawberry, it looks very juicy with all those pips!

Now we are arriving at the small intestine, the speed we are going is 1.5 metres per minute so just sit back and relax.

In two minutes we will be going into the large intestine.

Right, we are now in the large intestine, if you're quiet we will hear the water running past. Right hold on we are about to be pushed out of the body, in three, two, one.....

I hope you had a good time on the grand tour, please watch your step whilst you are getting off the bus.

Class 1 and Foundation have been learning about artists this half term. First we looked at the sculptor Andy Goldsworthy and followed his style making our own sculptures from natural materials. We then made our own fruit and vegetable faces after we had learnt about Giuseppe Arcimboldo who painted portraits that had fruits and vegetables as features!

Foundation have been learning about farming this half term and all about the animals that might live on a farm. They made some great hand print chickens and choose their favourite farm animal to make a mask to use when they were acting out the story 'What the Ladybird Heard'!

Class 1 have been learning about lots of different puppets; they have watched how puppets are made and a shadow puppet show of the story of Rama and Sita. They then decided if they would like to make a pop up puppet or a sock puppet, designing this before making them, using the internet and books to choose a dinosaur to base this on.

Social Centre Report

The second phase of our project to improve security at the Village Hall is now underway and we hope to complete the work before the end of the year. We will also be making sure that any outstanding work on the Children's playground and the Kicking Wall will be completed within the same time-frame.

The first of our monthly evening events, Sheila Meadley's cookery demonstration was very successful with plenty of tasty nibbles to enjoy and some interesting ideas for party food that would not require too much in the way of cost and/or preparation. Sheila's amazing chocolate cake was won by Mrs Ann Briggs whilst the pumpkin carving competition, well supported with eight entries, was won by Jennifer Loubo whose pumpkin supported an imaginative cat face.

Professor Ann Mortimer has agreed to give the next talk; supported by many slides, she will tell us how the Old Vicarage garden developed into the wonderful place that so many enjoyed during the Open Gardens event.

To continue with presenting these, and other, events the committee does need your help; have you a little time available, no more than two hours once a month? We urgently ask for more residents to support the Social Centre Committee.

A RIGID RAIDER MK 1 FROM THE FALKLAND ISLANDS WAR COMES TO NORTH FRODINGHAM.

On October the 15th rigid raider (MK 1) was offloaded out of the canal at the Frodingham wharf; it was to become part of the ceremony to mark the official opening of the Town Lock on the Great Driffield part of the canal system.

The Navigator was only one of the remaining 15 out of the 55 rigid / inflatable boats which went to the Falklands war, the inflatable sides from the Navigator have perished over the years.

**From Pippa WILSON
Special Inspector Recruitment & Marketing
Driffield PS**

We continue to receive reports of identity theft and credit card fraud. One such incident reported to us appertains to a person endeavouring to purchase a mitre saw over the web. The credit card details were given, but the cardholder was contacted by the company in question, advised there appeared to be problems with their card and it would be better if payment were effected by a direct debit. The credit card company in question recognized there was something strange about the attempted transaction and blocked the card to prevent any potential fraud. Most of us purchase commodities via the website/E-Bay these days, but please be very vigilant; there are many opportunists out there who are very adept at stealing identities and card details. Do not become one of their victims.

We have also been made aware of attempts at vehicle cloning in the Force area. Persons are being contacted by letter from a company calling themselves Vehicle Mileage Check. Their plan of approach is to send you a letter stating they are acting on behalf of a motor dealer and that the vehicle dealer has the details of your vehicle as you are wishing to sell it, but before they can proceed they need to enquire about the vehicle's mileage/condition etc. If you have your vehicle at your home address but the alleged motor dealer has your vehicle details there is a good chance your vehicle has been cloned. If this should happen to you, report the matter to the Police immediately.

A member of the public sold a small gold sovereign on E-Bay, posted the item via special delivery necessitating a signature at the recipient's address. E-Bay contacted the person selling the sovereign advising this transaction had been monitored and had been found to be fraudulent. The person wishing to sell the sovereign contacted Royal Mail to try to stop the delivery, but was informed they were unable to intercept the parcel and that the person should contact the police to report the incident.

A male contacted a member of the public by telephone advising he was a bailiff and on route to their home address. He gave a mobile number as well as an 0845 type number as his contact details. Being suspicious of the call, the member of the public rang the 0845 number which was answered by a female who stated the number related to Northampton County Court. The member of the public thought this very strange and contacted Directory Enquiries for a telephone number for Northampton County Court. When he made contact with the Court and explained the situation, he was told the Court knew nothing about the incident or who the caller was who had purported to be a bailiff.

Local History Group

September 18th Alan Brigham, the Speaker for the evening, spoke about the East Yorkshire Regiment in WW1. He gave us a comprehensive summary of his approach to research, highlighting some useful web sites for those looking for relatives etc. He then talked about the structure of the Regiment, the Battalion names and the men who were involved. Before the WW1 started there had been three battalions of regular soldiers, and a similar number of territorial regiments. Lord Kitchener's recruiting success saw a further eight battalions added to the total; some went to France after training, some were placed in Reserve Battalions (used to make up the complement of a battalion that had suffered heavy losses) and others remained in England for coastal defence etc. Three battalions were cited as 'Pals Battalions' keeping together the volunteers from a specific village or town. One comprised mainly men whose peacetime occupation had been commercial; the second held men drawn from the professional class, and the third was labelled as t'others.

Alan kept us entertained for over an hour after which Polly Stead gave the vote of thanks, and light refreshments were made available.

The meeting in November is the AGM at which we will be considering the programme and group outing for 2015. Come along, and if you enjoy what you hear, perhaps you will consider joining. We meet six times a year for an annual fee of just £5.00.

North Frodingham Y.C.A. (Yorkshire Countrywomen's Association)

Meetings of the Y.C.A. are held in the Village Hall on the 2nd Wednesday of each month starting at 7.15pm. Annual membership £12 plus £1 per meeting which includes tea/coffee and biscuits, visitors £1.

Future Meetings.

Wed. 10th Nov. - Carol Parsons 'Crafts' - comp. - A decorated paper plate.

Wed. 10th Dec. - Party Night – comp. A decorated hat.

Wed. 14th Jan. - The Wheels off the Bus (Inca Trail) – comp. A scenic postcard.

Sat. 17th Jan. - Annual Dinner at the Trout Inn, Wansford.

Thank you to all who supported our McMillan Coffee Morning in September you helped to raise £466.

New members are always welcome. Just come along to a meeting or speak to any YCA member.

Superfast broadband

Can anyone on the Parish council update us on this issue? It seems that ERYC are keen to support the spread of broadband and I understand that the Beeford exchange will be upgraded in 2015. However there has been no mention of when cables will be laid in N Frodingham. With speeds of up to 24 MB being available from Driffield to Hornsea next year, it makes our 1.8mb utterly pathetic. We are in the 21st century too and deserve the same treatment as Beeford, Brandesburton and Leven! I hope other villagers feel we have a case to put forward.

Bev Allport

Summary of the Response from our Ward Councillors

The Council is restricted since, with BT being the supplier agreed by national government, we can only work to their roll-out programme which is very frustrating as the council carries the risk for any problems.

Jane and I, were asked to 'launch' the first superfast broadband connections in Rawcliffe near Goole and we both made reference to the need for ensuring rural villages (particularly our ward!) were always at the top of the list - we had the ear of the BT Openreach Northern Director responsible and also the Governments BDUK regional director who oversees the delivery of the national programme and we made it clear to them the need.

The good news is that BT Openreach have at least just about completed their provision of the new cabinets required across the East Riding - its now down to their capacity to connect their services. Nth.Frodingham is in the programme, and Jane and I will continue to monitor progress. Jonathan & Jane.
