## **WOLDS WANDERERS**

Another very good turnout, despite an uncertain forecast, for a “local” walk from Wilholme Pumping Station. Heading along the River Hull, we turned down along the footpath running the length of Tophill Low Bird Reserve. Turning westward toward Decoy Farm and then following Decoy Drain, the group wound its way back to the start (photo) – an easy and enjoyable stroll.

In February, the group walked from Sewerby along the cliff, through the golf course and Danes Dyke, then over to Flamborough village and down to South Landing. It was a lovely walk, and on the slipway down to South Landing some birdwatchers pointed out a woodcock to us, standing very still in the shrubbery. We had lunch down there by the sea then walked back along the cliffs. There was a good size party of about 15 enjoying a bright, sunny day with beautiful views.

## Editorial

Again, we must thank the volunteers that have distributed Village Voice. There are nearly 350 residences in the village and outlying farms and their help is very important. If you think you could help with this distribution, please contact us.

If VV didn't arrive on your doorstep, I must apologise. However, we have put spare copies in the Post Office where one can be collected.

Hopefully the worst of the weather & debilitating illnesses are behind us and we can look forward to a pleasant Spring. Please tell us about your experiences over the last few months, including photos, and tell us about forthcoming events.

We would like to feature all our local businesses in these pages. Financially we are dependent on our costs being covered by the adverts. So please try to support these local businesses when it is appropriate. Also we try to cover all aspects of village life and believe that the Church, School, PO, & pub are fundamental to providing this identity.

I understand that the friendly face in the Farm Shop ( sorry Diane, Jeoff this time & anyway you're much too young) recently celebrated his 65<sup>th</sup>. Congratulations !!

In recent editions I have been banging on about retaining the features that make Frodingham a village as distinct from just another dormitory rural area. I believe that it requires **all** its residents to contribute. There are a few worthies that are currently holding the village together, but as you can see its very fragile. We have had heart felt pleas from our Social Centre Committee for more help.

Many organisations struggle in this day and age; "were too busy". However if everyone did a LITTLE bit and the roles & responsibilities were shared then nobody would be too burdened and we would all benefit

Perhaps this anecdote summaries the situation:

*There were four people named Everybody, Somebody, Anybody and Nobody. There was an important job to be done and Everybody was asked to help. Everybody was sure that Somebody would help. Anybody could have done it, but Nobody did; and the help was not forthcoming.*

*Somebody got angry about that because Everybody had been asked. Everybody had thought that Anybody would do it, but Nobody realised that Everybody wasn't going to help. It ended up that Everybody blamed Somebody when Nobody did what Anybody could have done.*

### Your Village Needs You:

- **To support and patronise our Advertisers**
- **To provide pictures & articles for Village Voice**
- **To be involved in Village events**

**DISCREET UNMARKED VEHICLES**

Across the Humberside Force area we are receiving regular calls regarding poaching/hare coursing. The poaching is by gangs from well outside the area who arrive by vehicle(s) with a number of hunting dogs, specifically lurcher types, aiming to poach hares.

Often significant amounts of money are involved and whilst poaching itself is illegal, it is known that poachers are often in contact with other members of the criminal fraternity and are known to pass onto them details of vulnerable properties, sheds etc which may form easy targets for break-ins and this can obviously affect a number of people. Vehicles such as quads, 4x4 are very attractive to the passing thief and groups may well be on the look out for them to steal .... Please be extra careful when locking/securing vehicles such as these.

In order to assist the Police in locating and identifying these persons, would all residents please be vigilant, particularly in the outlying area of the Parish and report all suspicious activity, with particular reference to vehicle registration numbers to Humberside Police. We now have new powers under Section 35 to disperse suspicious groups of individuals for up to 48 hours, without requiring specific evidence of law breaking, so every bit of intelligence is important to us. Your assistance is required to keep these criminal activities in check in your Parish.

Albeit not in North Frodingham, we have received reports of a number of thefts of garden ornaments over recent weeks. Many of these have been Christmas presents so their loss is extremely upsetting.

Many of us add interesting features to our gardens, whether they add a touch of humour or are specifically located for aesthetic effect, they are our choice and personal to us. No-one likes their possessions to be damaged and personal possessions stolen.

Please ensure that gardens are as secure as possible and outside buildings and sheds are securely locked. Be vigilant when you are out and about – if you see anything which you believe to be suspicious and it is not an emergency, please call 101 and give the details to Humberside Police.

Crime Prevention advice can also be obtained by ringing the 101 number.

# **CANINE GROOMING OPPORTUNITY**

The East Yorkshire Hydrotherapy Centre is a modern building purpose built for Canine Hydrotherapy and Grooming. The facility is currently only used for Hydrotherapy, the well-equipped Grooming Room is currently unused.

There is an opportunity for an ambitious person or even a partnership to rent this room and develop their own Grooming Business without the expensive start-up costs.

The facility is ideally placed on a main road with ample parking adjacent to several other Pet businesses (Kennels, Pet Shop, Hydrotherapy), none of these businesses currently have a grooming service, so they are ideal for capturing new trade. A successful grooming facility would also benefit these adjacent businesses.

To encourage business development, the facility would be rent free for the first 3 months (utilities would be chargeable), followed by a negotiable rent with only a 3 month tie in period. If required, free business advice and help would be provided, along with free consultancy from an experienced groomer along with free WEB page to your own design.

The Grooming room provides two Electric Tables, Blaster, Stand Dryer, Cage Dryer, Ergonomic High Pressure Dog Bath, Sterilising equipment, Clippers, holding cages plus many additions. Your own scissors, brushes, blades and hand tools would be required. Additionally there are shared kitchen, reception, laundry and toilet facilities. The building is heated and has internet and telephone access.

## **History Group Report**

Next meeting will be held Thursday 19<sup>th</sup> at which Peter Rogers will give a talk about 'Mr Stewart and the Romanovs'. Peter is a curator at Burnby Hall, Pocklington.

As the History Group meets on alternate months, the May meeting will include an enactment group helping us to look back at life in the 17<sup>th</sup> century.

You are welcome to come to any of the group meetings, and even more welcome to join us. We meet six times a year (the summer meeting being a group outing) for a fee of just £5.00. 'You can't get better value elsewhere' – to coin a phrase.

## **Mature Mayhem Group**

Mature Mayhem is going from strength to strength, having received a £900 grant, we have taken delivery of an indoor curling set and a Boccia set, both of which will be in action from Friday 6<sup>th</sup> March. Hopefully we might be good enough to put together a team to enter the local Boccia tournaments.

Table tennis, card games, dominoes, and the more difficult Trionimo game continue to be popular, whilst a table top Junga tower is satisfyingly noisy when it collapses; and of course the refreshments are very popular especially when someone provides home-made buns!

If this sounds good to you, come along and meet some of your neighbours.

We meet Friday afternoons 2–4pm, for an entrance fee of £1

### Social Centre Report

The Security project has been completed and concentration is now shifting to the eviction of the playground moles, and to restoring the recreation field to a useful state.

As usual the Committee is very short of members, please consider whether you could give just a couple of hours a month to help keep this vital community asset functioning. The Village Hall is widely used for parties of all descriptions; for group meetings and for external events, the committee has gradually assembled a wide range of equipment, from a Bouncy Castle to a PR system, it would be such a shame if the hall had to close because no-one was prepared to take a turn at running it and the village would be a lot poorer. However, without a viable committee it is doubtful how much longer it can function

INVESTORS IN PUPILS

## Investors in Pupils

Our school is a warm and friendly atmosphere where everyone takes a role in ensuring that our school lives up to its motto.

*'Caring, sharing, together learning'*

Over the past 12 months the school has been working to strengthen these relationships and increase the understanding that our children have of how our school works.

The Investors in Pupils programme offers schools a framework for involving pupils in decision making, and developing responsibility and leadership. It is powerful in developing a positive ethos where pupils learn about how the school is run, and, in turn, understand how they themselves can contribute to the running of the school. Pupils commit to common goals and teamwork - together with each other and with staff.

The award recognises the achievements of the whole school, classes, groups and individual pupils in five key areas:

- learning
- behaviour
- attendance
- classroom management
- induction

I am so delighted to let you all know officially that we were successful in achieving the 'Investors in Pupils' award. The assessor said

'I would like to thank all the pupils and staff of North Frodingham Primary School for a very enjoyable visit and for the opportunity and privilege to witness such a positive school community in action.'

I am so proud of the children and everyone involved in the work that has taken place in school.

### **Notes**

We are still hoping to see the scaffolding appear around the tower in order for the builders to start the repairs and hope that it won't be too long now, in the meantime we are still fundraising for the repairs to the windows and thank everyone for their support.

### **Diary Dates**

Thurs.26th March - Quiz to be held in the Village Hall. 7.30 for 8pm start, £2.50 each to include supper, no more than 6 members per team. There are prizes for the winning team and spot prizes (this is our final quiz this winter).

Thurs.9th April - Coffee Morning with Mrs D Allman, 5, Kings Mill Close, Driffeld at 10am.

Thurs.14th May - Coffee Morning with Mrs K Kell, Brickyard Farm, Nth Frodingham at 10am.

### **Parish Council Report**

The Parish Council is now in the process of acquiring a community defibrillator for use in a cardiac emergency. Progress is slow, and is dependent on funding being made available for purchase of the equipment, to which end a grant application has been submitted to the East Riding Council. I will keep you informed of developments.

A new bench has been purchased and positioned on Mount Pleasant Road; this completes the plan to have benches located on all roads around the village.

North Frodingham is, at the moment, fortunate in having been largely ignored by the many opportunistic thieves that have plagued surrounding

villages, this happy situation will not last for long. Please take the necessary steps to protect your property from this type of intrusion, and keep your eyes open for any poachers using our fields. We are asked to report the licence number and location of any 'strange' vehicle parked in farm gateways.

### **Young Peoples**

This half term was great; a bit of a rest before the heavy slog towards exams in May and June. Hopefully, this time my AS's go well, or I'm kind of stuffed. I did a lot of school work, but in a relaxed atmosphere; hopefully my revision techniques will help me hit the jackpot & help me get those B grades. I got out a bit too, a meal out with the boyfriend and best friend (Weatherspoon's, I had never been before, but it was rather good & I wouldn't hesitate to go there again!) and got my hair highlighted for the first ever time. It was a funny feeling having a cap thing on whilst they slapped a funny smelling gloop on my head, but I like the results, I like it a lot.

This week (starting the 23<sup>rd</sup> February) was mock week for Hymer's College. I haven't got my French or RE results back, but I got my business results; I was one mark off an A, just ONE mark! I had a look at the paper, and there were some such stupid mistakes and I should have got that A easily!

What else have I got to say? Ah yes, Brandesburton Young Farmers: we are always looking for new members to join us. Make new friends, new contacts, and gain skills that can be used in your daily life. It is open to people from the ages of 10-26. If you want to know more, drop me a text on 07725332501 or send me a message on Facebook: Sophie Watson, my profile picture is of me and a very handsome young man, namely my boyfriend, with whom I spent my first Valentine's day, a funny celebration that, a celebration of love, which is cute in itself, but it being St. Valentine, who died so brutally? I don't know. But it was a lovely day spent with the one that I love, so what can be better than that?

By the next issue, GCSE, AS and A level students will be getting stressed about their upcoming exams, including me. I really hope that everyone gets what they want, because I know that it is devastating when it goes wrong, it feels like your life is over, but there is always a way to make it better, like re-sitting the year or moving schools, both of which I did.

Over and out

-Soph x

## Photovoltaic (PV) Panels

PV collectors utilise free energy from the sun and daylight to generate electricity. SH Energy are currently installing small domestic systems, less than 2kW (eight panels), up to 50 kW systems on commercial buildings. Ground mounted arrays are also proving popular for customers with limited roof space but have large gardens or land available.

The Photovoltaic (PV) incentive is in place with a feed in tariff giving an immediate income as soon as the product is installed.

### **Elections**

As we mentioned in your last newsletter for the first time in many years this year the general election, local elections and parish council elections which take place in May are on the same day, which will make for a very busy and interesting time for all involved. As part of the preparation for the election a Notification Letter has gone out to all households now which sets out who is on the electoral register. The aim is to encourage as many residents to register as possible before the registration deadline on the 21 April. Proxy vote deadline is a week later (28 April).

Anyone not registered by this time will be unable to vote in the General and Local Elections. East Riding of Yorkshire Council Electoral team are also attending the halls of residence in Cottingham and Bishop Burton to encourage students to register and are also planning to work with the care homes in the area to ensure their residents are registered and have postal votes, if required.

Further information is now on the east riding website

**The Count:** General Election votes will be counted on the **7<sup>th</sup> May**. Local Election on **8<sup>th</sup> May** and parish council votes **9<sup>th</sup> May**

### **Winter**

As we hopefully head out of winter and into spring we thought it might be of interest to look at some of the statistics of the work undertaken by the gritting team over the winter.

- On 66 occasions full treatments of the Precautionary Network were undertaken
- In addition to this 48 were treatments of particular areas such as coastal strip and higher ground including the Wolds.
- There were also 5 treatments of selected routes because of localised problems
- There were 9 call outs to treat the Secondary Network
- And on one occasion the network was specifically ploughed (because of snow) prior to salting, during other Precautionary treatments the network was ploughed as part of normal treatment

### **Update on History of Nth Frodingham Drainage Book**

Some feedback on the book *Becks Banks Drains and Brains* which featured North Frodingham parish as one of the two local case studies. The case study was led by Joy Harris, the parish clerk, and seven other local volunteers contributed to the research and drafting of the chapter. Nearly 800 copies of the book have now been widely distributed, both locally and nationally. It has been extremely well received in both academic, corporate agency and local community contexts. The 2nd edition was a run of 250 which were not LEADER (European funding) funded and the group decided to sell these so far.

### **Council Tax**

Council tax bills will be soon arriving on your doorsteps. East Riding of Yorkshire Council has frozen council tax for another year with no increase since 2009. Local government faces huge financial pressures but cross party support for transformational change to the delivery of services to residents in the East Riding has meant that the council is at the forefront of finding new ways of maintaining services to us all without cutting back. We are pleased as a result to be shortlisted as finalists in the category 'Council of the Year' in the Local Government Chronicle Awards.
