## Editorial.....

It's been a very busy summer for the NOW group with their highly effective fund-raising campaign. Although the appeal has been withdrawn, the threat of an AD plant hasn't gone away and the NOW committee has prudently continued its efforts in order to have a fighting fund to oppose any future proposal (more on this elsewhere).

I think you'll agree with me that the volunteer group have put in a formidable amount of work on a varied and ambitious schedule of events and must be gratified by the astonishing amount of money raised over such a short time.

I asked Gill at the Blue Post how the Cocktails Night had gone. She said "Put it this way – the car-park was still full the following morning"!

The NOW fund-raising events have received a lot of attention but there have also been other events including those for the Playing Fields. I mistakenly suggested that the Party in the Paddock was solely for NOW, whereas it had been intended for North Frodingham playing fields, Beeford Cricket Club and Candlelighters Children's Cancer Charity, with a proportion donated to NOW. My apologies for any confusion.

There have been several other events but I haven't attended many as I'm not of a particularly sociable nature, so if you want to see something of them highlighted in the newsletter, you need to tell me about them – ideally accompanied by pictures.

Youngsters are under-represented – let's hear more from you.

Elsewhere, the Wolds Wanderers had a very successful and well-attended long week-end staying in Keswick. More than 20 enjoyed a sociable programme of walks and celebrated the birthday of our oldest member who, at 89, still participated fully in all our activities (there's hope for us all!).

Thanks, as always, to our contributors and distributors. Any spare copies will be available at **Cherrys garage** but the newsletter is also available on the parish council's website thanks to the efforts of Councillor Adrian Wilson.

Thanks also to **Alma Printers** of Driffield for their help and prompt, efficient services.

The Village Voice is dependent not only on stories and pictures from its readers but also on advertising from local businesses to keep us viable. You may have a service to offer or be a tradesman and an advert in this newsletter would reach every household in the village. We welcome your support.

## WOLDS WANDERERS

Lots of reasons why only a few of us attended the July walk, which was a shame because the weather was perfect and the circular route from Sinnington via Appleton-le-Moor was an ideal walk. Both villages are picture-postcard pretty and the walk between them yielded a variety of wonderful views. Following the River Seven, most of the ascent was in woodland with dappled sunshine emerging onto a plateau of pasture and arable. Lunching in the grounds of the unusual French Gothic style Christ Church, Appleton, our return took in wide views across the Vale of Pickering.

Thanks to Dennis for the photo (left).

Again only a handful went on the August walk, none of them from Frod and I've no report of it so I'll tell you about one Ann and I went on instead! We wanted to see the heather in flower and a good place is near Saltergate. Starting from Levisham, we followed the beck through to The Hole of Horcum, a spectacular 400' deep natural hollow. Ascending to the lip near the Whitby road, our return via Dundale Pond was through the heather, in bloom as far as the eye can see.

### **Parish Council**

As usual, the Parish Council has only met once during this period. At the July meeting everyone was relieved to hear that the threatened CAD Plant Appeal had been retracted. Mrs McKie, who gave out the news, warned that there was still the possibility that GasCorp may make another application and to that end she suggested that fund-raising continue and that the monies be held against that eventuality. Once all danger had passed she said that the Committee would meet to resolve dispersal of the fund.

Routine business followed and Council reviewed its financial position, dealt with Planning Application and completed the full

Agenda before breaking for the Summer Holiday.

During August the Planning sub-committee met to discuss an application for an extension to Carr Farm – there was no objection raised to the plan. Councillors together with representatives of ERYC carried out a Village Walkabout to note problems that had been observed. Cllr Wilson had provided a comprehensive pictorial summary of his earlier survey and this was carefully reviewed by all present. Much of the work, such as road markings, potholes and footpath problems was passed to the appropriate ERYC department for remedial action. Other matters such as bollard cleaning, and moss clearance, etc. will be handled by the Walkabout team.

## Dr Alan Sykes

It was with immense shock and sadness that the doctors, staff and patients of the Leven and Beeford Medical Practice learned of the sudden and unexpected death of Dr Alan Sykes. He died at his home in Beverley on Wednesday 5th July 2017 aged 63 years.

He had been a GP at the Practice from 1984 and was a well-known member of the local community. He worked with Drs Ian Jollie, Bill Hutchinson and Damien Cooper through the 1990s (all of whom are now very sadly deceased). The Practice and Dr Sykes' family are overwhelmed by the marvellous and warm tributes that are flooding in about him.

He was clearly held in high esteem and his patients found him to be caring, conscientious and very giving of his time. He was tremendously supportive of them during some of the most difficult times in their lives and was passionate about being an advocate for them.

He had a passion for aviation history, as evidenced by the familiar pictures that had long been in his consulting rooms in both surgeries. He had some nifty phrases that could be pithy, to the point and often funny, like: "it's the old adage that you can measure things that don't matter and the things that really matter can't be measured..." ; and "these days, if it isn't written down, it hasn't happened". He enjoyed motorcycling, travel and live music.

He is survived by his wife of just two years, Yvonne, and his children, stepchildren and grandchildren.

His funeral was held at the Haltemprice Crematorium on Saturday 22<sup>nd</sup> July and was enormously well attended. The mourners listened to warm and often funny tributes from his sister Valerie, his wife Yvonne and our Partner Dr Jaap Vermeijden.

From Jordan Moor

My step-father Dr Alan Sykes suddenly passed away leaving a hole in our hearts and of his patients. He served at the Beeford and Leven Medical Group for 33 years before sadly passing away. Now we would like to fundraise in memory of him. He always complained that there were not enough defibrillators accessible to the public in rural villages and communities. We would also like to raise awareness about defibrillators not being available on aircraft which my stepfather did not agree with at all as they're simple, small and save lives as the descent to an airport may be too long in order to restart the heart. My stepfather once saved a man's life outside the Beeford surgery and luckily enough for him it was outside as if he had been at the other side of the village the ambulance may not have come quick enough for him and thankfully Alan saved him using the surgery defibrillator. Public ones need to be made available in the event of someone suffering a heart attack and the ambulance not coming fast enough. That is why we are fundraising to install defibrillators in the surrounding villages of his practice and hopefully through the whole of EastYorkshire.

### **Anti-social behaviour... Report it!**

Anti-social behaviour is any aggressive, intimidating or destructive activity that damages or destroys another person's quality of life and can have a serious impact on individuals and whole communities. It reduces feelings of safety and will not be tolerated.

At the East Riding of Yorkshire council, we have a team of officers dedicated to support and protect you and also take action against those who choose to make your life a misery. We firmly believe in early intervention in the East Riding rather than resorting to legal action. We have used early intervention tools successfully for a number of years. For advice and guidance visit our website at [www.eastriding.gov.uk](http://www.eastriding.gov.uk). Our website provides information on anti-social behaviour, what it is, what and who to report an issue to.

### **Local History Group.**

Twenty members of the Local History Group enjoyed a guided tour of Beverley Minster and a recuperative cup of tea and cake at a nearby venue on Thursday 20<sup>th</sup> July. Our tour guide proved to be an extremely knowledgeable volunteer, who introduced us to many new and interesting aspects of the history of the building. He had completed the exhausting task

of finding and recording mason's marks on the stone blocks. He explained that these marks were used to calculate the monies due to each master mason and his team. Our group was left in full admiration of this volunteer who had scrambled all over the roof space in search of these marks and who had accumulated details of 517 separate marks from bold capital letters to fancy squiggles. It was a fascinating talk enlivened by many humorous anecdotes that kept us thoroughly entertained and subtly introduced to a medieval Masterpiece virtually on our own doorstep.

---

### **Local Heritage Museum.**

The doors have been open for four Sundays now, and there has been a steady flow of visitors to have a look at the exhibition. This year we have tried to concentrate on women's work and have tried to depict what life would have been for most of us at the start of the twentieth century. IT WAS HARD.

We have included details of common chores that would have faced the housewife each week, for example washing, cleaning, mending and sewing. There are some indications of the problems mums faced identifying those common childhood diseases that have almost been eradicated.

One display cabinet has been filled with doll's house items showing housewives at work whilst

another has been utilised to show two maps of the village, the first dated 1911 and the second 2011, come and be amazed at how much the village has changed.

Six occupations outside the home have been identified and a short biography of each of the women involved has been created. What difficulties must have been faced by, for example, Mrs Scott who moved into Sovereign Row with her husband and children and tried to make a living selling from door-to-door in a village where most of the shop-keepers would have stocked similar items and had been established for generations?

The Museum will be open each Sunday afternoon 2-4 pm until September 17<sup>th</sup> please try and pop in, there is no charge!

### **Mature Mayhem**

I am happy to report that our efforts to find a noise-dampening solution to our bowling problem, has been solved and each week some of the group practice alongside their more energetic table-tennis playing friends. This is the quiet time of the year for mature Mayhem as family visits and holidays take their toll on attendees, however we continue to flourish; gently improving physical and mental activity with exercises, activities, and tea/coffee

gossip sessions each week. Don't be put off – nothing is compulsory if all you want to do is have a game of Scrabble. Watch rather than attempt the exercises, or simply sit and talk to your neighbour that is absolutely fine. This is the Senior Citizens time to enjoy ourselves.

If you would like to give Mature Mayhem a try, why not come along to the Village Hall at 2.00 pm next Friday?

Dear Residents

We received information on Monday 10<sup>th</sup> July 2017 from the Inspectorate that the Applicant Gascorp (West Farm) Ltd have **withdrawn** their appeal against the ERYC decision to reject the application for the Erection of an AD plant at West Farm Beeford. This is good news but there is nothing to stop the applicant submitting an application for a smaller plant in the same way they did at Holme Upon Spalding Moor which was passed by ERYC.

The fundraising and donations have been a huge success and we cannot thank you all enough. So many people have helped in so many ways and are too numerous to thank individually.

Another very successful weekend for the Events team with the Big Beck Weekend held over 2 days 22<sup>nd</sup> and 23<sup>rd</sup> of July. Despite the weather the many attractions held over the weekend raised a staggering £1,400.00!! Those who attended had an amazing time over the 2 days and huge thanks to Yvonne and Pat Turner and their team (I apologise I don't have all the names of all team members) and Sally, Dave and Nick for their support with the setting up clearing up and slaving over the BBQ. Thank you also to Mike and Linda Artley for the ducks. The water was so still the race turned into a duck raffle!!

**The total raised to date with donations and events is £30,960.16!!! We have hit the target with events still to complete.**

**£14,515.92 raised from the Events, costs £4,250.33 with a balance in the bank = £26,709.83 today.**

What an amazing summer 2017 of success. A huge undertaking when we first agreed to fund raise and ask for donations with a 30k target!!! We were all very concerned this was a big ask and a huge undertaking for the events team and asking all the residents for donations. The community must be immensely proud of you all and of those who have supported the campaign in so many ways. I cannot put into words my amazement and sense of gratitude. Everyone who has been involved in any way all deserve a huge thank you from the bottom of all our hearts.

Because there is a **serious concern** the applicant and landowner could submit an application for a smaller AD waste plant it is a sensible option to hold the funds for now but it is your money and if you require your donation refunded please email [angelamckie@outlook.com](mailto:angelamckie@outlook.com) or send a letter to Angela McKie, Inholmes Farm, Beeford, Driffield, East Yorkshire YO25 8BG.

We are in a very good financial position to fight any proposal that threatens our communities but we have to continue to be on our guard and ready for any proposal. Please still be aware.

The funds raised by the event group will be split between the three villages and our intention is to hold this until further notice in case it is needed to help fight any future application.

The events will continue throughout the summer as planned and please do go along and support them. The funds raised will be for the NOW (Not Our Waste) campaign unless it is stated otherwise. A huge amount of hard work and time has been generously given organising and arranging all the events for you all to enjoy.

Some more photos of fund-raising activities – thanks to Leah and Angela

An update for you all regarding the calendar sales and the amazing job Elise and Cyril Walden have done with producing, publishing and raising the funds to cover all the expenses (and more besides) from sponsors. They have turned out exceptionally well and are selling fast; at the last count Elise only had 60 left out of the 400 published. At £6 each and 50p if you require an envelope they are excellent value and something to keep and treasure.

£943.90 raised so far from the calendar sales and balance from sponsorship after expenses.

The big event of the summer was of course our fair, held in the recreation grounds on 29<sup>th</sup> July. The weather behaved very well for us, with threatening clouds passing over and dropping their rain further to the east. We had the usual range of stalls open as local groups sought to augment their funds; everything from raffle prizes to home-made cakes were available, whilst the drum club entertained us and the PTA kept us supplied with refreshments. Numbers were down on last year, perhaps an outcome of the plethora of events being held to support the CAD Plant appeal, but nevertheless all stall holders reported a reasonable profit for their groups.

Humberside Police is receiving a number of calls relating to residential burglaries. In one instance a member of the public had a secure log cabin located at the side of their home address. Persons unknown have removed the side door off its hinges and entered the cabin, stealing 2 specialised cycles and other gardening equipment. Despite the member of the public making the unit secure, these persons may well have been watching these premises to enable them to come equipped with relevant tools to remove the side door. In another incident persons unknown entered a property via an insecure window and stole a laptop and a wallet, exiting the house by unlocking the kitchen door. Please be mindful if you open windows/doors on warm days – this may be an open invitation to would-be burglars.

It is that time of the year when farmers are bringing the harvest in. We are receiving a considerable number of calls in relation to straw fires – some which have started without any intervention, but there have been instances of arson around the Force area. If anyone sees persons acting in a suspicious manner in the vicinity of farms or where straw/hay is stored, please contact Humberside Police on

The Committee is still hoping to have the gas boiler serviced ready for the autumn, and is awaiting the outcome of a funding application to have all the lighting changed to an LED system we should get a response at the start of October. Other matters, such as outstanding repairs and the Christmas Fair are ongoing and will be topics of our next meeting September 4<sup>th</sup>. **If you are interested in joining the committee you will be more than welcome – we need all the help we can get!**

101. Farmwatch or Crimestoppers (0800 555 111). Persons may be in the area on bona fide reasons, but these will be checked out. If you witness a fire breaking out call the Fire and Rescue Service without delay. If possible, send someone to the farm entrance to direct the Fire and Rescue Service to the fire to help save time. Be prepared to use farm machinery to assist the Fire and Rescue Service.

We have also received reports of persons camping around the Force area and lighting camp fires to keep warm or to cook their food. In some instances these fires have got out of control resulting in damage to property/fields. If you witness a fire starting call 999 immediately and ask for the Fire and Rescue Service; only tackle the fire yourself if it is safe to do so. Find out where the nearest open water supplies are available for possible fire service access.

Contact by phone or email for re-imbursement of over-paid tax - **THIS IS A SCAM.**

If Her Majesty's tax office wishes to contact you, they will do so by ROYAL MAIL.

Next meetings at the Social Centre at 7.00pm, Monday 18<sup>th</sup> September and 18<sup>th</sup> December.
