## Editorial.....

Featured on the front page are the installation of the poppies at the War Memorial and the Christmas Fair. Nick Brown's superb metal poppies were put in place in time for Armistice Day and the Fair was a great success due to the efforts of all concerned.

The Village Voice is dependent not only on stories and pictures from its readers but also on advertising from local businesses to keep us viable. You may have a service to offer or be a tradesman and an advert in this newsletter would reach every household in the village. We welcome your support.

Thanks, as always, to our contributors and distributors. We could, however, do with some more distributors particularly for Low Farm Close and more particularly to help with South Townside currently the largest area.

In addition, some floating distributors willing to stand in for any area in case of holiday etc. would be very helpful.

It's been a couple of years since David Bannister stood down as Editor. I carried it on alone in the hope that someone would be willing to come on board – I'm still hopeful!

No special skills are needed: trial and error gets me through!

**IDIOT OUTSIDE**

(Does the above strike a chord.....? Very satisfying though, when things fall into place.)

Help with editing and/or recruiting advertisers would be greatly appreciated.

I have to apologise for the delay of this issue as some events listed have already passed. Production and distribution clash with my holidays – all the more reason to have extra help.

Any spare copies will be available at **Cherrys garage** but the newsletter is also available on the parish council's website thanks to the efforts of Councillor Adrian Wilson.

Thanks also to **Alma Printers** of Driffield for their help and prompt, efficient services.

For the first time since the re-launch six years ago, it has been necessary to put our rates up to cover costs. I've kept it to the bare minimum but I'll have to keep the situation under review.

Forestry Commission to care for Britain's woods and establish strategic timber reserves.

Having driven up to the starting point, the walk itself was all on the level along a mix of footpaths and forest tracks. They were all good underfoot which was just as well because the day was decidedly wet!

There were some sunny spells at the start of the walk along the escarpment edge with stunning views across Harwood Dale but we were grateful for the shelter as we turned for home into the forest. We were also rewarded with some wonderful Autumn colours.

Only one walk to report on this time. In November, about ten of us headed up to Broxa Forest, parking at Reasty Bank Top. Broxa Forest is a mix of pine, other conifers and semi-natural woodland, with heath-like clearings left by felling forestry trees. The North York Moors was once covered in natural woodland, though many areas – including around Broxa – were cleared by farmers and settlers during the early Bronze Age. There was also a later Iron Age settlement in Broxa. In the 12th century, much of the land between Pickering, Scarborough and Whitby was declared a royal hunting forest, while after World War I the government set up the

### Parish Council

The Parish Council has met twice since the last issue; and has conducted routine business on both occasions. The Minutes and Draft Minutes have been posted on the Village web site and are available for comment.

Whilst there were no Planning Applications to be considered, the Parish Council continued with the routine business of the month, paying invoices, reporting problems in the village, completing surveys and attending external meetings.

A decision had been taken to increase financial support for the Twilight Bus and to provide small gifts for Father Christmas to give away at the Village Fair. The Twilight Bus enables many Driffield School youngsters to attend after-school clubs in Driffield and be safely returned home to the village. It has been well-used during the past year. It was also decided that there would be no increase required for the annual Precept. Work on the Village Plan has progressed

and everyone will be asked to contribute their ideas for a 15 year Action Plan for the Parish, in the near future

Of particular note has been the gift to the village of a display of nineteen red poppies. This all began with a resident wondering why the display at the Tower of London had not been shared amongst the memorials in the U.K.. He decided to make some poppies for our War Memorial. Permission was sought and granted, and work began. It took our artist six months to create and locate the display in time for November's Remembrance Service. Now it is hoped that those brightly coloured poppies will continually remind us all of that sacrifice of our young men.

The Parish Council meetings are open and are held on 2<sup>nd</sup> Monday of each month at 7.30pm; residents are welcome to attend and if wanting to address the Council, please notify the Clerk by the Wednesday before so that you can be included on the Agenda.

### Local History Group.

The Annual General Meeting of the History Group is held in November. This year we had the luxury of Mrs Pat Elliott giving us a talk about 'Victorian, Beverley Westwood' in addition to the usual Business Meeting and tasty Supper, provided by the members.

The History Group was inaugurated 9<sup>th</sup> October 2006 by three residents who had held a small Social History exhibition in the Village Hall during that summer. Highlights had included the work of the local tailor WH Foster, a vintage dress collection and a Village Time Line. Inspired by the success of that first exhibition the group decided to see whether a Local History Group would 'float'. Well float it did and we are now moving into our twelfth year with a buoyant membership. We have mounted a further ten

summer exhibitions, held since 2009 in the Cemetery Chapel by kind permission of the Parish Council. Several leaflets have been produced; a great deal of research into the History of Frodingham has been carried out by members, and we have assembled a large collection of local memorabilia to illustrate each exhibition. The Group has enjoyed an Annual outing each year, largely paid for by an annual subscription of just seven pound! Now the Group is trying to win a grant to renovate the Heritage Chapel, before it starts to think about the topic for the 2019 exhibition hopefully to be held in a redecorated facility with sound roof and new guttering!

Are you interested in the village history? Could you see yourself getting involved? As with all of the groups in the village they have a stalwart group of regulars but are always looking for new members to bring fresh thinking to the process.

Next meeting January 18<sup>th</sup> at 7.30 pm in the Village Hall, come along and see what we are about.

### Local Heritage Museum.

Closed for renovation, if we can get a grant, until 2019.

## Social Centre

Well we are at the end of the year! The Christmas Fair was a success with many of our local groups putting some extra cash into their coffers. Father Christmas did not burst out of his costume and many children told him that they had been GOOD ALL YEAR! Parents were not consulted about this! Thanks to a generous donation the Social Centre finances are sound, a great relief to all of the committee members. Incidentally the Committee has now grown to seven members. The lock on

the toilet door has finally been replaced, and the central heating system timer is now working, Joy has learnt how to cope with an F28 failure report on the boiler and intends to pass the 'trick' on to all colleagues.

All in all we are in a good position for 2018, we have even decided to try and organise a fireworks party next November; we will keep you posted on this.

Our New Committee members have begun to have a great impact on long-term planning and all members look forward to helping and sharing in their success. We could do with more members to keep this village asset operating successfully; we really need the help of some young people to keep us 'oldies' on track.

The January meeting will be a very short affair, but do come along in February and see if you can give us some more or better ideas for 2018.

### **Mature Mayhem**

The Seniors group continues to flourish; improving physical and mental activity with exercises, table games, activities, and a tea/coffee gossip session each week.

We meet together every Friday afternoon, come rain or shine, simply because we enjoy the companionship. Many of us live alone and can spend days at a time not talking to anyone, Friday afternoon gives us the opportunity to catch up on local gossip, comment on the state of the world as seen on 'tellie', discuss books we have just finished, or even boast about the latest additions to our extended families.

We can groan at the state of our joints, we can celebrate our birthdays and we can laugh at Mr Trump's latest Twitter (whatever that may be)!

If you want to make some friends, want to have a good laugh with others or simply want to exercise your mind or body in a non-threatening environment, give us a try, come along to the Village Hall at 2.00 pm on a Friday, you will soon be laughing with us!

## From the Ward Councillors

At the start of a new year we would like to take this opportunity to pass on our Best Wishes to everyone and hope it is a good year for all.

As it is the beginning of a new year our message for this edition will be general about the services of the council & what we hope is reassurance of the councils understanding of the services you value.

## A growing elderly population

You will often read of the growing elderly population and the pressures placed on the NHS. The East Riding of Yorkshire Councils Social Services spend over £1 million per week on social care and will continue to work closely with colleagues in the NHS to keep people in their own homes and out of hospitals wherever possible. The old adage 'prevention is better than cure' has never been more important as the pressures on services carry on increasing.

In recognition of our growing elderly population the ERYC is in the process of preparing a Housing Strategy for Older People aimed at all older people including those approaching old age.

## Highways

You tell us every year how important keeping the highways well maintained and salted in cold weather is to you and with 2,123.25 miles of road the network is much larger than most. The East Riding of Yorkshire Council are fully committed to keeping our major roads between Towns and cities and where possible our secondary roads open, in the event of bad weather. To this end we have state of the art spreader vehicles, full of modern technology, making them more efficient than ever before. Each full run of spreaders throughout the county comes at a cost of £8,000 and we ensure these take place to keep our roads as safe as possible for the public.

## Flood

Attention to Flood issues is also very important & in partnership with the Local Drainage Board removal of the sunken vessels in the River Hull has now been completed.

## Planning

Planning issues will always raise interest and we will support and if contacted will advise

residents where they need guidance on the process and offer advice on who to contact to best raise concerns.

We will continue to work with your Parish Council, who after all, are the individuals closest to the day to day issues of the village.

Jane Evison & Jonathan Owen

The following incidents have been reported across our Force area:

Thieves broke into a garage by removing the glass from a UPVC window frame and stole pedal cycles and a number of secured off-road motorcycles. The thieves used the owner's tools to cut the chain and padlock, opened the up and over garage door, reversed a vehicle up to the premises in which to load the property they stole.

In another incident the insecure sliding doors of a grain shed were opened, the suspects went to the back of the shed, lifted the bonnet of a JCB forklift and siphoned 70 litres of red diesel before leaving the property.

Thieves climbed over gates to get on to property to gain access to a barn in which a steel container was broken into. The thieves used pickaxes and an axe which were in the barn, along with a hacksaw to break the lock on the container. They stole a Husqvarna strimmer, various Stihl equipment along with safety goggles and a helmet.

Reports of fake £20 notes being used in public houses in the Force area have been received by us. CCTV images of the offenders have been passed to Humberside Police, but be mindful if you are passed £20 notes in your change.

Persons have reported receiving an e-mail from "Buy a Gift" advising they have been bought an e-voucher gift - quoting reference number. When persons have queried this, it is confirmed this is a scam. The company in question is receiving lots of phone calls in connection with this matter.
