

Draft Minutes - Thornton Steward Parish Meeting – Wednesday 17th May 2017

Meeting held to discuss 2 planning applications:

1. Holmbarn – garage conversion
2. The revised plans and Design, Access and Heritage Statement for the planning application for Southview Cottage – alterations and extension to the existing cottage and the new development

This was the sole business of the meeting.

Holmbarn – garage conversion

Planning documents were scrutinised and the applicants explained and clarified their proposals. The Parish Meeting is in favour of the application.

Action: The clerk/chairperson will email the Planning Department with the consensus of the Parish Meeting.

Southview Cottage & new development

The revised documents were scrutinised. The previous observations submitted by the Parish Meeting, after the 9th February meeting, were revisited and it was felt that many points were still relevant. Further observations were also made.

Action: It was agreed that the clerk/chairperson would re-submit the relevant points from the original observations and highlight additional observations made at this meeting.

It is understood that a site visit meeting is in the process of being arranged between the agent, applicant, immediate neighbours and the ward member.

A summary of the points discussed was duly submitted by the chairperson to Richmond District Council Planning Department as part of the consultation process – available on request or via the Richmondshire District Council Planning website.
