For your awareness - Amazon scams

Prime membership scams:

These are unexpected calls/texts/emails that refer to a costly membership fee or an issue with your membership and ask you to confirm or cancel the charge. These scammers try to convince you to provide payment or bank account information in order to reinstate a membership.

Amazon will never ask you to provide payment information for products or services over the phone.

Account suspension/Deletion scams:

Scammers send texts, emails and phone calls stating that your account will be suspended or deleted and prompt you to click on a fraudulent link or verbally provide information to "verify your account." Customers who land on these pages or receive these phone calls are then lured to provide account information such as payment information or account login credentials.

Amazon will never ask you to disclose your password or verify sensitive personal information over the phone or on any website other than [Amazon.co.uk](https://www.amazon.co.uk). Please do not click on any links or provide your information to anyone over the phone without authenticating the email or phone call.
