

School SAM2 Nov 23 to Jan 24

13,243 recorded vehicles between 20th November and 7th January, equating to 281 per day. For the first part of the data a diversion on the Street was in place followed by the School and Christmas holidays.

76% of vehicles were obeying the speed limit so 24% were going over 30mph. Around 6 % of vehicles were over 35mph. 25 vehicles were driving at over 45mph.

This data suggests that this location, as well as Griston Road end, have fewer speeders than other locations.
