	1841 Census		1861 Census		1871 Census		1881 Census		1891 Census		1901 Census		1911 Census	

The details of The Census for Bradmore are now available on line for the years 1841 to 1911. Sheila Clark's excellent and very detailed work on the Census has been studied and used to compile these charts which attempt to show where families may have lived in Bradmore between 1841 and 1911. Some of the houses from that period have gone but many are left and these are named in the right hand column above. We cannot work out where some of the houses were situated when comparing the census details with Ordnance Survey Maps published in the 1880s. House Row was 'somewhere' at the lower part of Main Street. Taylor's Lane was what is now called Donkey Lane.
