Hospital
Spring 2025

WELCOME!

Kintyre has been showing our newest recruits one of the areas best assets over the last couple of weeks, with blue skies and sunshine highlighting what a beautiful area we live in.

We hope all members of our hospital community are getting the chance to spend some time outside and remind ourselves one of the reasons why Kintyre is such a wonderful place to live.

Welcome to:

Dr. Michal Grulich – GP

Nneka Onyegbule – Staff Nurse, Acute ward

Kirsten McLean – Specialist Radiographer

RELOCATION OF CAMPBELTOWN RADIOLOGY DEPARTMENT

Work on the new radiology department is progressing well with initial building works due to be completed in May. Once this is complete, work will begin on fitting and calibrating the machinery.

The department will be located on the site of the old Benguillion ward and will enable easier access for both staff and patients.

We would like to remind anyone who is attending the Physiotherapy department to please use the main entrance for access. We appreciate everyone's patience while these works take place.

MACMILLAN CANCER SUPPORT

The Cancer Support Worker Service Argyll

Have you had a diagnosis of cancer?

A Macmillan Cancer Support Worker (CSW) is available to you offering support for any non-medical concerns you may have, signposting you to trusted information and services which may be helpful.

:- Helping you find answers to the questions you have about your cancer and treatment.

:- Putting you in touch with specialist teams who can help with money and benefits

:- Helping with emotional concerns

:- Connecting you with wellbeing services and supports near you.

For clinical concerns the CSW has access to the healthcare team who are treating you and can connect you to this team if required.
