PLISMONA CYMDOGAETH – Y NEWYDDION DIWEDDARAF NEIGHBOURHOOD POLICING UPDATE

Main issues in Abergavenny for the Month of January has been both shoplifting and Anti- Social Behaviour

Anti-Social Behaviour

Current Anti-social behaviour is being dealt with via a Zero tolerance approach. This Month you may have seen that Officers have been outside MORRISONS EVERYNIGHT patrolling and engaging with youths to prevent and detect anti-social behaviour and associated offences.

In January we issued over 7 Anti-social behaviour strike letters to young persons and their parents. Youths are then required to engage with partner agencies to educate them on the adverse effects anti-social behaviour can cause within their community.

Police Surgeries/ events for January:

We attended Hopscotch Nursey In GILWERN recently, where ward manager PC Thompson and PCSO Murphy had the pleasure of meeting the children sparking lots of curiosity and excitement

Business Crime

We have seen a reduction in shoplifting offences within Abergavenny Town Centre. This has been a joint effort between Police and local business, where

CCTV and vigilant staff members has resulted in several prolific shoplifters being charged for the offence. A recent court sentence for shoplifting in the area resulted in the offender receiving a 26-week custodial sentence.

Shop Watch

CO 374 Carey is consulting all business within the Town Centre to promote the Shop watch initiative.

This will be designed to provide a communication tool between the Police and local business with early identification of offenders and direct alerts and safety advice being passed more easily and effectively.

If you are a current business who is interested in joining shop watch, please contact: josh.carey@gwent.police.uk
