### Good work / Anti-Social Behaviour

We have been actively tackling Anti-Social behaviour through increase patrols, presence, community engagement and targeted interventions, we are pleased to see there is a noticeable decrease in reports and incidents.

We have been working with other agencies such as Monmouthshire Council who have created a new 'Anti-Social behaviour strike process', frequently attending the youth club and talking with staff at Morrisons etc to help deter this behaviour.

Fortunately, because of these efforts we did not experience many issues over the half term period, making our public spaces more enjoyable for our community.

# PLISMONA CYMDOGAETH – Y NEWYDDION DIWEDDARAF NEIGHBOURHOOD POLICING UPDATE

With spring approaching and lighter evenings encouraging more youths outdoors, we will remain focused on maintaining a zero-tolerance approach to ASB and continue and maintain a visible presence within the community.

After receiving reports from residents of Park Avenue regarding teenagers using vehicles in an anti-social manner within Fair Field car park, officers conducted patrols, engaged with residents and spoke to the drivers present. During this time, several Section 59 warnings were issued due to the manner of driving when individuals were entering the car park. Whilst this is the first report of anti-social driving, we continue to reinforce the message to prevent further issues.

## **Police Surgeries/ events for February:**

PCSO Tia attended Abergavenny Nursery as part of their “People who help us” week, the children were so excited and had the opportunity to try on uniform and see the police car up close!

## **Business Crime**

We have seen a reduction in shoplifting offences within Abergavenny Town Centre. Officers still regularly patrol the town and engage with staff encouraging them to remain vigilant.
