

For BPC meeting on 23rd June - Update from the LCN AGM on 12th June

Main points from the meeting (full minutes will follow):

- Electing officials:
 - Jackie Farley re-elected as Chair of the group.
 - Vice Chair – open vacancy – targeting a Somerset Councillor.
 - Highways Chair – open vacancy.
 - Climate and Nature Chair – Kate Spooner
- There were discussion around benefits of LCN – positives and negatives.
- A priority may be to focus on community groups and the services they can offer our communities.
- Draft list of services (it's been work in progress for a while) to be shared with parish councils ASAP ahead of a final document.
- Possible breakfast meeting for community groups and parish councils – targeting this summer.
- SALC Community Health and Wellbeing Fund available again. Our LCN is the only group that hasn't taken advantage of this fund. Kate Spooner is sharing details with Badgworth School Room team in case they have projects that might benefit from funding. If they have something that they wanted funding for, they would need to ask the Parish Council to support/complete the funding request.
- Chair is open to suggestions for additional priorities. Any suggestions???
