09:39**Dear Community Representative**

Please find attached a letter from the Highland Council's Community Support and Engagement team. It outlines the impartial advice, support, and guidance available to communities in relation to new, consented, or existing renewable and green energy developments within the Highland area.

Our aim is to help communities engage effectively, understand opportunities and challenges, and ensure that local benefits are maximised in line with the Highland Social Value Charter.

If you have any questions or would like to discuss current or upcoming developments, please contact us at cwb@highland.gov.uk. A member of our team will be happy to assist or arrange a conversation at your convenience.

Thank you for your continued commitment to your community.

Kind Regards

Nick
