Accounting statements prepared during the year were prepared on the correct accounting basis (receipts and payments/income and expenditure), agreed with the cashbook, were supported by an adequate audit trail from underlying records, and where appropriate, debtors and creditors were properly recorded.	x				The Council prepares accounting statements on a receipts and payments basis which is appropriate for the size of council. The Cashbook entries were supported by a clear and simple to follow audit trail. Two recommendations going forward: To place any refunds in the correct expense column as negative (-) values to ensure the income & expenses are not overstated. Expense receipts from small shops need to include a description of the item(s) bought and not just the card payment receipt to ensure the items are for council business.
