

CLAIMED PUBLIC RIGHT OF WAY USER EVIDENCE STATEMENT

When a dispute arises over whether a public right of way exists, all the evidence on both sides of the argument will be considered. Please use this form to describe your own usage and knowledge of the route. Return completed statements to the person making the application to change the Definitive Map and Statement of Public Rights of Way. Or to the Order Making Authority (OMA) – Lake District National Park Authority, Murley Moss, Oxenholme Road, Kendal, Cumbria, LA9 7RL.

This statement is designed to help establish whether or not the route being claimed in the application is a public right of way. It also provides evidence of how it is used (for example on foot, on horseback, by vehicles, and so on). When the OMA commences detailed research, a member of staff may contact you to seek further information or ask to interview you about your evidence.

You should answer the questions as fully as possible and not keep back any information, whether for or against the claim. This is important if this information is to be of real value in establishing the status of the route. The information given may be examined at a public inquiry. For Yes/No answers, please tick the relevant box for each question.

This statement should be completed by one person only and should relate to only one route. If you need more space please continue on a separate sheet which will need to be attached to this statement.

If completing the statement by hand, please ensure writing is legible and in black ink.

Confidentiality – Please Read Carefully

The information you give in this statement cannot be treated as confidential.

- The information you provide will be retained by the OMA for the purposes of undertaking its statutory obligations in accordance with section 53 of The Wildlife and Countryside Act 1981. - It may be necessary for the OMA to disclose information received from you to others, which may include other local authorities, the Planning Inspectorate and other government departments, public bodies, other organisations, landowners and members of the public. If the application proceeds to a public inquiry your evidence will be made available to the inquiry.
- If the OMA proceeds with the application but it is contested, there may be a public inquiry. This will be held locally and if you are unable to attend your evidence will be given in writing, but user evidence is of much greater value if you attend in person and are prepared to answer questions about it. Inquiries are kept as informal as possible and the OMA will help you with the procedure.
- The information you give in this statement will be processed in accordance with the General Data Protection Regulation. It is held by the OMA for the sole purpose of processing the application for the route referred to, and for no other purpose.
