Are there any other comments you would like to make regarding the Play Area Plan and/or about the children's play area in general?  Family Details (not Compulsory) Please provide details about your family which may help us determine the play equipment to focus on.	Perhaps have a "dog station" with hooks on fence (outside play area) where people could safely tie up their dogs.  Needs to retain surrounding fence for safety.  It would be lovely to have a picnic area at the park as it is a large area that could be used more effectively by families who live in the area and visitors to the area.  Seesaw would be good, a basket swing or shuggyshoo. A sink-in trampoline. Goalposts/netball/basketball net or football shootout board  My grandchildren live away, reason we can't use it regularly.  Keep up the good work.  No dogs allowed on play area. Football net, posts.  Tactile and enclosed area.
