Sun. UN International Day of Hope: 'Higher levels of hope are more likely to mean setting and achieving ambitious goals, solve problems, take action and turn vision into reality.' Thank our Father God for the strength of the human spirit to overcome difficulties. Pray that many more people will recognise that the only lasting hope is rooted in the gospel!

Mon. Praise God for a blessed and a brand new day. Thank Him that he has safely brought us through the night, that we have a roof over our head, daily bread, running water, clothes to wear. How blessed we are that our family is healthy, thank you, Lord.

Tues. Today, pray for anyone who needs a miracle. Ask the Lord, to please heal, comfort, protect and shower them with many blessings.

Wed. The beginning of each new day is an open gate to new experiences of God's love, new ventures in faith, new relationships with others, new offerings of our lives to him, new trust, new hope. Ask the Lord, to send us out through this open gate, into this new day, into your world, to bear witness to your light.

Thu. Bring to the Saviour, people you know who are suffering from poor mental health: depression, anxiety, bipolar and other disorders that seriously affect their lives and those caring for them. Ask him to strengthen them and shine rays of hope into their hearts today.

Fri. Ask the Holy Spirit to encourage Christians in places where persecution is rife, in danger because of their faithfulness to Christ, and others in hard situations with no apparent way of escape. Ask the Lord to help them to 'hold unswervingly to the hope we profess, for He who promised is faithful.' (Hebrews 10:23)

Sat. Thank God for the determination of those who strive to make this world a better place, in spheres of human welfare, protection of the environment, justice and fairness, economic and political stability, and thousands of other challenging situations. Ask God to keep their hope alive.
