## PIRBRIGHT PLAYERS

### At the VILLAGE SUMMER FAIR

Pirbright Players celebrate the Paris Olympics themed Village Fair on 8th June with a game of musical chairs to the soundtrack of Vangelis's Film, *Chariots of Fire*, about the Paris Olympics, 1924.

Anyone can enter this with different age groups from under 5s to 80 plus.

Chairs are set out in the middle of a circular track in the main arena.

The runners run around the track in slow motion to the music, playing a game of musical chairs. Prizes for the winners! Look forward to seeing you running!

## PIRBRIGHT TWINNING ASSOCIATION

**French Visit - Vin d'Honneur  
Pirbright Church Room  
Friday 17th May at 6.00pm.**

A warm and open invitation to all those living in the village to the formal welcome Vin d'Honneur for our friends from Cagny in the Pirbright Church room on Friday 17th May @ 6.00pm.

It is a special year for the people of Cagny as it represents the 80th anniversary of their liberation in WW2.

**A NEW DEFIBRILLATOR** has been installed in Lord Pirbright's Hall for emergency use. There is a small shortfall in the funding so we would like to propose that groups using the hall and local residents might make a voluntary contribution towards the cost. For more information on how to contribute, please contact Catherine at Lord Pirbright's Hall: [lph@pirbright-pc.gov.uk](mailto:lph@pirbright-pc.gov.uk)

## BELLTOWER OPEN DAY

**Saturday 25th May 10-12am  
St Michael's Church**

You've heard the bells ringing on a Sunday morning—ever wondered how they work, who rings them, why they sound so different from bells ringing in other parts of the world? Ever fancied a go.....?

This is your chance to find out about bells and bellringing, to meet our local band of ringers, and to try your hand at ringing. Take the Tenor Challenge - can you get it to chime? Come and find out.  
Oh, and there will be cake!

## ST MICHAEL AND ALL ANGELS CHURCH

### A Problem Shared...

There are times in all our lives when we're faced a problem or dilemma that we really struggle to find our way through without the help and support of someone who has 'been there, done that'. They may not necessarily have the right answer for you, but it can be comforting, as well as helpful, to talk to someone who will just listen, and not judge.

There's a great deal of truth in the saying, 'a problem shared is a problem halved'. The world today is a much smaller place than it ever has been; communication is easier than ever before, and you can talk to someone anywhere in the world at the click of a mouse. But if you don't have family close at hand and you feel more comfortable talking to a real live person you need to be part of a bigger family. A real community of people who care, who will never turn you away or shrug and say, 'not my problem'.

I read Julia Douetil's excellent and thought-provoking piece in last month's PeriNews

with considerable interest.

George, our new Vicar, has in so many ways galvanised the church – and the community. New people are coming along to church services – especially Church on the Green – and asking questions, including 'What can I do?' And in some cases looking for someone to confide in, someone to *listen*. The church is just one of many community organisations in our village. But unlike some it's open to *everyone*: whoever or whatever you are, no qualifications needed. As part of the church community you can – if you want to – offer your services as a volunteer. You may find yourself being able to share your life experiences with someone who is looking for help or guidance, and reach out to them. Or you can just come and enjoy the spirit (Holy or otherwise!) of our community. Being part of the church community is a wonderful way to guide ourselves and others through life and, one hopes, to give us some peace from the busyness around us.

Come along and see. Let's pull together to help bring a sense of real togetherness to our community. Our family. Our church. Come along and reach out to God, the Head of the family, who *never* turns you away, who *always* listens.

Let's look forward with hope to the future.

Revd Gary Williamson

### ANNUAL CHURCH PARISH MEETING

Sunday 26th May 3:00pm

In the church room.

This meeting, deferred from April, is your opportunity to come and hear about how the church is run and what we have been doing in the past year. Find out what our aims and priorities are, how the money we raise is used to support the building and our work in the wider Pirbright community.

This is the meeting where you can find out about our plans for the future, and perhaps even help us to shape them.

### MONTHLY PRAYER MEETING

Is there someone, or something, that you would like to pray for? Or would you welcome an opportunity to take a moment away from the busyness of modern life, to immerse yourself in quiet prayer? Join us for regular, simple prayer meetings in the evening of the third Sunday of each month. They will alternate between St Michael's and St Mark's, starting at St Michael's on Sunday 19th May at 6:30-7:30 in the Lady Chapel.

### CHURCH PLANT SALE

St Michael's churchyard

11th May 11:00am—2:00pm

Don't miss the annual church Plant Sale in St. Michael's churchyard. Select from a wide range of annual, perennial and vegetable plants. Find the perfect hanging baskets to brighten up your walls and doorways.. With locally grown plants you can be sure they will do well in your garden, and there is plenty of expertise on hand to help you make the best of your garden, including PeriNews' resident horticultural expert, Wellie.

Pick up a bargain on the garden paraphernalia stall, maybe that perfect eye catching ornament, or a handy garden tool . Then put your feet up and enjoy the fruits of your labour with a cuppa and a slice of home made cake from the cake stall,

It's not only plants, you can enjoy refreshments as you browse, including the irresistible sausage sizzle with local Filk's sausages.

All proceeds go to support our Parish Church and its work in the community.

### CUNNINGHAM HOUSE

As we age, we generally expect to have increasing trouble with hearing and eyesight. Technology now offers a wide range of aids to help hearing, including rechargeable hearing aids and aids which are controlled on a mobile phone app. And for visually impaired people, it seems that with the right equipment, Alexa can do pretty much anything you ask! The big but for older people who haven't grown up with technology is being able to operate it to be able to benefit. For our resident with advanced AMD, her most successful aid is her talking watch. Simply press a button and it tells the time in quite a loud voice. The big but with this, however, occurred in the middle of a church service when the talking watch announced mid sermon "the time is .....". Sorry Rev George! With bad hearing too, she didn't think anyone else would hear!

**Army Training Centre (Pirbright) comes to Pirbright Village Green for Armed Forces Day**

### THE WHITE HART PIRBRIGHT supports serving members of the armed forces.

In recognition of the close connection between the Pirbright community and the military, The White Hart pub is offering 20% discount on food and drinks on the production of proof of being a current serving member of the armed forces.

The White Hart has been at the heart of the Pirbright community for centuries, as a meeting place and social centre. During the two world wars, it no doubt offered a welcome distraction for the thousands of conscripted soldiers passing through the Pirbright Barracks. Recently refurbished, The White Hart prides itself on being a welcoming and friendly local pub, serving the community as it has for generations past. And, with summer in sight, the garden will come into its own.

### PIRBRIGHT CRICKET CLUB

Eight Penguins descended on Lord's in March to play five matches in a round robin competition. We won two (the MCC and Valley End), losing to Notts CCC, Yorkshire CC and annoyingly Cobham by 3 runs. It was a most enjoyable day, very well organised and played in the right spirit. A big thank you to all .

I named my dog 6 miles so I can tell people that I walk 6 miles every single day.

## PIRBRIGHT HISTORIANS

Bakersgate is one of very few 15<sup>th</sup> century buildings in Pirbright which survive today. Unsurprisingly, it is a Grade II listed building. Several generations of the original Baker family - each named John Baker - farmed 100+ acres there for over 300 years, but the family left Pirbright in 1798, at the start of the Napoleonic Wars. The photo is of the Slaughter family at the house in 1871. Notable owners from 1928 onwards were Charles Lyle, the 2<sup>nd</sup> Baron Lyle of Westbourne, and his wife Joyce. He was a grandson of Abram Lyle, who had created Lyle's Golden Syrup in the 1880s, with its distinctive lion and bees symbol - the world's oldest surviving brand apparently (but under threat from this year's rebranding exercise at the company). Charles and Joyce were well-known in Pirbright and lived in Bakersgate in some style until Charles's death in 1976. Joyce remarried and remained at Bakersgate until 1983. A full history of Bakersgate can be read at [www.foxcornerhistory.com](http://www.foxcornerhistory.com).

## MAY GARDENING TIPS from Wellie

Hoe borders to remove weed seedlings. Mow lawns regularly now, apply a weed, feed and moss treatment if not already done. Sow lawns or lay turf. Spray paths for weeds. Prune spring-flowering shrubs such as Choisya and Ribes after flowering. Check for nesting birds before trimming any hedges. Tie in climbing and rambling roses as near to horizontal as possible. Tie in shoots of clematis and sweet peas as they climb. Trim back Alyssum, winter flowering heathers and Aubrieta after flowering to encourage fresh growth. Plant out summer bedding towards the end of the month, after all risk of frost have gone. Watch out for slug and snail damage. Did you know that there are over 40 different types of slugs in the UK but only a few of them actually cause damage to our plants. Watch out for viburnum and lily beetle grubs. Keep earthing up potatoes, and plant any that are still remaining. Put straw around strawberry plants, then net to protect fruit from hungry birds. French and runner beans, and sweetcorn, can be sown outside now. Start removing side shoots from the leaf axils of cordon tomatoes. Hang pheromone traps in apple trees to check for codling moths.
