24/03/843	<p>To consider and resolve the council's response to planning applications listed below plus any other planning applications advised by North Northamptonshire Council and available on its website between the circulation of this agenda and the meeting to which it pertains.</p> <p>NE/24/00119/FUL: Proposed 2 Bedroomed Bungalow at The Spinneys Church Lane Barnwell PE8 5PG</p> <p>Resolved: The building - Whilst the proposed materials are appropriate and the design is considered to be acceptable, the proposed dwelling is in reality a potential 3 bed bungalow, and as such is larger than a standard 2 bed property. The PC also feels that it is an error not to include such features as solar panels and water harvesting systems. Cllrs also have concerns that because of the proposed location close to the boundary with the Recreation and Cricket Field that the large windows overlooking the field could present a security risk to the property and residents.</p> <p>Location/plot - whilst the building has been sited to make full use of the site the PC feels that being situated in such a wooded area that there needs to be considerable thought given to future proofing the property against the stresses and strains that will occur to the trees due to climate change, and which could cause severe issues for the owners if measures are not undertaken to alleviate these matters. Cllrs also feel that further and more in depth ecological surveys need to be carried out to prevent harm to the biodiversity present on this site. It is also felt that the proposed property is situated far too close to the boundary.</p>					

	<p>Neighbouring properties - currently there is a high, closely panelled fence between the plot and the neighbouring Recreation and Cricket Field which it is proposed will be removed and replaced with a low post and rail fence. As the field is used for a variety of activities and contains football goal posts it is felt essential that a similar fence to what is currently in place is needed to protect the home owners from loss of privacy, noise, and possible intrusion caused by activities on the Recreation and Cricket Field. It is also felt that families with children who are using the field may feel less at ease if they can be overlooked by the residents. BWPC feels that the siting so close to the boundary and with such a low fence has potential for complaints and conflict in the future, and it is further pointed out the the PC has plans to install further equipment on the field in the near future aimed at encouraging children and young people to use the facilities and whilst the PC would not seek to intentionally intrude on the occupants privacy, and have in the past, installed equipment away from this side of the field it may well be that particularly with items provided for children that this part of the field (North/East boundaries) are the only suitable location for these items, and it cannot be right that the enjoyment of this field by all village residents be potentially curtailed because of the siting of this property.</p> <p>Therefore BWPC objects to this application in its current form</p> <p>NE/23/01284/FUL and NE/23/01283/LBC: Replacement of two storey flat roof rear extension with two storey pitched roof rear extension (Re-submission of NE/23/00137/FUL) at 55 Church Lane Barnwell PE8 5PG</p> <p>Resolved: Barnwell PC has no objections to this application but requests that the Conservation Officer be asked to review and approve the material.</p>
