25/020: Clerk Update: Clerk has reported the pot-hole and road surface in Cadeby Lane to LCC. Clerk to contact Unity Bank for councillor's access.

25/021: Correspondence:

- Email from resident challenging LCC Highways and the Council's decision on grit bin.
I would not think the location by the bus stop would be appropriate as it is the main entrance to the village and both the parish council and the Cadeby Community Trust have worked hard to make this an attractive area, with the wood effect bus stop being a parish council asset and the Cadeby jubilee stone having been installed through community subscription. As a wider community, we have also planted the deep verges there with daffodils. A bright yellow grit bin in that location would stand out terribly. Again, there appears to have been no consultation on this and I am sure many residents will have a view. From my experience, LCC will only provide a grit bin if requested by a parish council, with the parish suggesting potential locations which are then considered by LCC to see if they meet requirements. Parish councillors are elected/appointed to represent the views of parishioners and, as the Good Councillor Guide makes clear, the only way of knowing the views of parishioners is by consultation. I hope there will be some communication with residents in due course.
- Precept request sent to HBBC
- Extensions to planning applications requested.
- Sanitised data of noise/reverberation data collected from local residents sent to FP McCann's as HBBC had advised them there were no complaints. This is because HBBC will not act on an issue unless they have a complaint sheet completed with personal details.

25/022: Decide Grass Cutting Contractor: Lee George was awarded the contract. Clerk to confirm.
