### Proactive Traffic Enforcement Operation:

With the support of our colleagues from the Environment Agency, the Driver Standards Agency and Leicestershire Police's Road Policing Unit. The beat team ran an operation along the A447 on Friday 5<sup>th</sup> April 2019 targeting vehicles in poor condition.

The operation saw a number of vehicles stopped with tickets being issued for a variety of offences. Common themes included illegal tyres, expired MOT, no seat belts and loose or dangerous parts.

With such a large area to police these kind of operations are a real good opportunity for us to find out who is using our road network to commit crime and allowed us to focus on vehicles towing plant and trailers to ensure everything is above board and legal.

With the continued success of these operations, another operation will be planned on the beat for later this year.

Our thanks to Dobbies Garden Centre for allowing us to use an area of their carpark to complete checks on the vehicles stopped throughout the day.

### All Parish Meeting:

On Monday 15<sup>th</sup> April we help out 'All Parish' meeting at Bosworth Hall, all of the parish councils across our beat area were invited to attend where information about Leicestershire Police was shared and attendees were given the opportunity to raise any concerns within their community. Representatives from 10 of the 42 Parishes attended these being Desford, Cadeby, Bagworth, Thornton, Sutton Cheney, Shenton, Witherley, Carlton, Sheepy and Stoke Golding all attended the meeting and some really positive comments were received. We assume that with the other 32 not attending that they have no concerns with policing in their area. It is likely that a further All Parish meeting will be planned towards the end of the year.

### Date for your Diary:

**Saturday 18<sup>th</sup> May 2019** – we will be at Greenacres garden center in Stapleton between 12noon and 1pm.

This is a great opportunity to meet your local officers and discuss any local issues or concerns you may have.

### Anti-Social Behaviour:

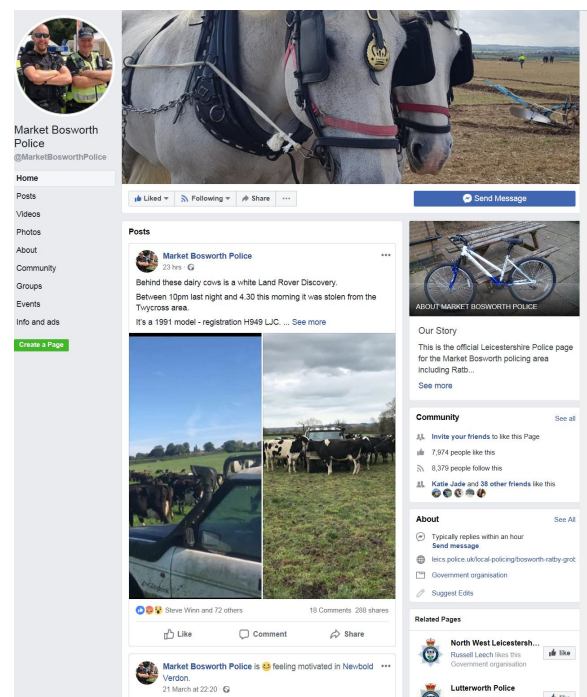

With the warmer, brighter and hopefully drier nights approaching anti-social behavior often sees an increase. Usually we see this increase start during the Easter holidays, however so far there has not been the increase we all expected! We are aware of ongoing issues in and around Desford and at the Pavillion in Newbold Vernon and have increased our patrols in the area.

If you suffer with anti-social behavior it can be reported in a range of different ways, either by calling police on 101 contacting Hinckley and Bosworth Borough Council or by visiting the Leicestershire Police website.

If you are a parent or grandparent we would ask you to take this opportunity to speak to your children about what could be classed as anti-social behavior and the impact that this can have on others and themselves should the police become involved.

### Follow us on Facebook for regular updates on what is happening:

The 'Market Bosworth Police' Facebook page has grown rapidly since it was created last year and now has over 8,000 followers, it is full of crime updates, news stories and other information that is really relevant to our community. Please help us to increase our members by following our page.

### Team Leicester

You may notice that this month's newsletter is a little shorter than normal, we apologies for this. Our team has been busy supporting the rest of the force working outside of our normal area with a number of different tasks. Some examples are supporting Operation Lionheart an operation targeting drugs and county lines. Securing scenes at serious incidents including house fires and a murder in other parts of Leicester, attending essential refresher training and in between taking some much earned time off with family over the Easter break. That said there is always someone available to respond to any emergencies reported on the area and even when we are not on patrol we are constantly monitoring incidents and following up on any enquiries at our earliest opportunities. Here's some snap shots of some of the things we have been up to:
