

RECENT NEWS

Penlow Field - Autumn/Winter 2022 - Welcome to our tenth newsletter

We welcome to rest...

In the second half of this year, we welcome:

David B, Pandy, Penny, Peggy, Betty, Russ, Mark, Pauline, Gordon H, Mollie & Vivienne to their forever home of Penlow.

Tree Planting Days...

We have almost 20 trees to plant with our residents in this planting season.

We have arranged planting days on:

Wednesday 21st December

Tuesday 27th December &

Friday 6th January 2023.

Please get in contact if you would like to be there when a tree is planted.

Bude U3A...

We were asked in the summer if we could help the popular group with a request.

We are pleased to be planting a tree in the New Year in Penlow Woods for the Bude University of the Third Age to mark their 40th Anniversary.

Four Hugs Wide...

I learnt of a local project called '[Four Hugs Wide](#)' - through one of our lovely Friends of Penlow. This is a collaboration of the work of writer Dr Mireille Thornton and photographer Harry Borden. Through portrait photography and poetry together they have been portraying personal connections between people and trees. You will have all of course seen our incredible oak tree in Penlow Woods - this is our inspired connection.

We are really pleased to have supported Mireille & Harry to further this extensive project. Their work has already been exhibited both online and in galleries. The end goal is to publish a book. You can click through to the website (*on the blue text above & below*), and/ or follow their instagram page [@fourhugswide](#)

Open evening...

Thank you to those of you who joined us for our open evening back in September. Sadly the weather was cloudy so we didn't get to see the sunset that had been hoped for. It was a lovely evening nevertheless.

Wreaths...

As many of you know - we operate a wreath amnesty policy at Christmas time. Families are welcome to place a wreath on loved ones' graves. I can't stress enough though that ***it is only acceptable to bring entirely biodegradable wreaths***, that do not contain plastics or glitter.

Each year we receive wreaths that are not suited to Penlow. I hope that won't be the case this year.

Thank you.

Change of address...

You may have seen from our website that we have now moved to Kilkhampton 'for a while'. Tom and I are building our very own eco-friendly home in Woolley; but until this is ready, we have descended upon my parents.. lucky them!

If you need to write to us the address is: Rockingham, East Road, Kilkhampton, Bude, Cornwall, EX23 9QS.

You'll also be seeing more of Tom at Penlow as he will be dropping a day a week of his usual work in 2023. This means he can help with the never ending list of jobs here; and on burial days, as well as with the house build...poor Tom!

*very best wishes to you all,
with love, Sheridan & Tom*
