## PROCUREMENT POLICY

### INTRODUCTION

Sutton Cheney Parish Council will always strive to attain best value for all goods, materials and services which it purchases. "Best Value" will be defined as a balance of price, quality of product and supplier services.

The Council will operate a transparent procurement process in accordance with its Financial Regulations and Standing Orders for all procurement.

- The Council will purchase locally wherever possible and where best value can be satisfied.
- In evaluating "best value", the past record of the supplier will be taken into account and this does not always mean that the Parish Council should select the lowest quotation.
- The Council will purchase re-cycled goods or less environmentally damaging materials where they meet the required functional standard and will have regard to protect and sustain the environment.
- Procurement activities will comply with the Council's Financial Regulations and follow guidance in the NALC Procurement Toolkit
- Tender opportunities will be promoted on the Council's website to encourage tenders from local community and voluntary organisations and the local business sector.

### SPECIFICATIONS

Enquiries and invitations to tender shall be based on a written specification. The specification shall adequately describe the requirement procedure in sufficient detail to enable effective procurement in accordance with these rules.

### SUPPLIER PRE-QUALIFICATION

The Council shall only enter into a contract with a supplier if it is satisfied as to the supplier's suitability, eligibility, financial standing and technical capacity to undertake the contract.

### RECURRING TASKS

At the beginning of the financial year the Council will seek quotations & tenders as appropriate for all types of work of which there is likely to be a recurring need during the year.

Having established a supplier for the year for any recurring works, if sufficient confidence exists that tasks will be done economically based on past performance it would not generally be necessary to seek a quotation for individual tasks with the chosen supplier.
