

## Information available from Sutton Cheney Parish Council under the ICO Model Publication Scheme

This publication scheme gives examples of the kinds of information that the Information Commissioners Office would expect Sutton Cheney Parish Council to provide in order to meet its commitments under the Model Publication Scheme (Freedom of Information Act).

The ICO would expect Sutton Cheney Parish Council to make the information in this definition document available unless:

- It does not hold the information;
- The information is exempt under one of the FOIA exemptions
- The information is readily and publicly available from an external website; such information may have been provided by the public authority or on its behalf. The authority must provide a direct link to that information;
- The information is archived, out of date or otherwise inaccessible; or,
- It would be impractical or resource-intensive to prepare the material for routine release.

The guidance is not meant to give an exhaustive list of everything that should be covered by a publication scheme. The legal commitment is to the model publication scheme, and public authorities should look to provide as much information as possible on a routine basis.
