The draft HBBC Local Plan has now been passed by Full Council and will go to consultation. 2. There remains concerns about speculative development in the absence of a 5-year land supply or an up-to-date local plan - an application has gone in for 19 bungalows off Higham Lane, Stoke Golding. 3. Reserved matters relating to land east of Roseway in Stoke Golding remain a concern - I organised a site visit for the senior planning officer to see the risk of flooding. 4. HBBC are inviting applications for projects for its Environmental Improvement Programme 2022/23 - eg heritage trail information boards - there must be a conservation/heritage relevance to the application. 5. There is still not a Medium-Term Financial Strategy for HBBC and a risk remains at recent losses from leisure centre, increasing cost of homelessness in the Borough and stalling in the building of the Crematorium

36/22	<p>COUNCIL UPDATES</p> <p>The Council noted the following points from the meeting with LCC Highways regarding speed calming in Sutton Cheney:</p>

	<p>1. Clear advice from LCC that a reduction of speed can be achieved by enhancing gateway entrances that give more stronger signals to drivers to slow down. Gateways will be provided at the Royal Arms end of Sutton Cheney and on Shenton Lane (just over bridge) in Dadlington</p> <p>2. The request was raised to reduce the speed limit in light of resident's concerns on Wharf Lane however LCC follow DFT national guidance and any changes are unlikely unless there is further development in that area to warrant a change in the speed limit. This decision lies with County Council and residents are encouraged to lobby their CC.</p> <p>3. The intention to put dragon's teeth markings on Hinckley Road Dadlington to enhance the 30mph limit</p>
