

happy to engage with the future meeting proposed by Councillor Park. The three Nairn Community Councils need to start singing from the same hymn sheet."

Brian Stewart, member of Nairn West Community Council said: "We were pleased that a meeting was arranged to talk about this complex subject. The discussion helped to underline the importance of the Common Good to Nairn. We have had concerns about some aspects of Common Good administration, but following the very detailed official briefing, we are now much clearer about the Council's position, and we feel it is right to look to the future. We welcome the proposed arrangements for regular meetings, and look forward to participating fully and constructively in them."

Dick Youngson, Chairman of Nairn Suburban Community Council said: "Some questions remain for some of our Members but we are satisfied with the Council's position and now wish to move forward along the lines suggested by Elected Members."
