5. Convener's report for the period from February 2013 to June 2014.

The Convener's report, **Appendix 3**, summarises the Community Council's activities during the last year:

- Level of membership on the Community Council
- Activity concerning level of maintenance of local infrastructure and facilities.
- Involvement in the control of Japanese Knotweed
- Concerns with unpleasant water discharges near the Scout Hut and flooding at the end of School Road.
- Speeding on the A814.
- Planning issues, in particular unapproved work at the Peace Camp, proposed plans for the development of Rhu Marina and future of the Bowling Club site. The proposed Local Development Plan published in 2013 led to significant concerns in the CC.
- A sub-committee of the CC is making good progress with developing a Conservation Area Appraisal for Rhu village.

Key current issues:

- The future of the Bowling Club and its land.
- The proposed location for the *Helensburgh* Wind Farm.

The R&S CC website has undergone a massive improvement within the past year due to the dedicated work of our secretary and the small sub-group dealing with communications.

Secretary's Report for the period February 2013 to June 2014.

This report covers the period from the last AGM, held in February 2013.

At the AGM, the annual accounts have to be submitted for approval and forwarded to Argyll and Bute by the end of June. It is therefore necessary to hold the AGM before the end of June. The April meeting is too soon after the end of the financial year to have the accounts audited.

This report is split into two parts. The Community Council elections took place in October 2013 and the new Council was inaugurated on November 27th 2013 with the first meeting being held on December 12th 2013.

The following shows the attendance at all meeting of the Community Council from the AGM in February 2013 to the Special meeting held on 26th May 2014.

The number of elected members was twelve until the election in October 2013, fourteen for two months after that, and then thirteen for the period from February to May 2014. The average attendance of elected members at meetings was 73% for the old committee and 80% for the committee elected in October 2013.

The table below gives details of the attendance of councillors, visitors and the public.

	Event	members	councillors	police	MOD	Public	Officials	Visitors	total

Appendix 3:

CONVENOR'S REPORT FOR AGM, 11 JUNE 2014

I am pleased to report that the Rhu & Shandon Community Council has been active throughout the past year dealing with a number of issues on behalf of the local residents.

At the last AGM in February 2013 there were 13 members of the CC compared with a full membership quota of 16. At the end of the CC term in October membership had dropped to 10 but this was increased to 14 following the start of the new CC term. During the year 9 meetings have been held plus two additional meetings on specific topics.

During the year R&S CC have made representations for better maintenance of drains to prevent flooding, pressed for the repair of potholes, resolved responsibility for maintenance of the Barge Memorial Garden and arranged beach cleaning after local storms. A watching brief is being kept on how Japanese Knotweed is to be controlled. Some problems continue to be unresolved such as unpleasant water discharges near the Scout Hut and flooding at the end of School Road.

Speeding on the A814 has been raised. Changes to limits create difficulties so we have to put our trust in the policing of motorist's behaviour.

Planning applications are a key part of the CC discussions and several of a minor nature have been discussed. Unapproved work at the Peace Camp has been emphasised to Argyll & Bute Council who continue to deal with this although there has been no change on the ground.

Possible the most significant impact on the village would have been the development of the Rhu Marina. The CC objected to the Masterplan on several grounds and with a large number of local residents also objecting it was gratifying that the PPSLC eventually decided to decline the Masterplan as presented. A linked application for local company GSS to build temporary facilities was approved with conditions but as yet nothing has been started.

An application to change the zoning of the Bowling Club to housing development has been objected to because of a number of concerns by local residents concerning access, coupled with the possibility that the Club may not be as defunct as thought.

The proposed Local Development Plan published in 2013 led to significant concerns in the CC area because of the introduction of new housing zones at Blairvadach and an increase in housing density at the marina, and Blairvadach. These, along with proposals for changes to the Greenbelt, were all objected to by the R&S CC. The Reporter's decision on the LDP is expected in Q4 2014.

A sub-committee of the CC is making good progress with developing a Conservation Area Appraisal for Rhu village. Whilst a responsibility of A&B C it was clear that this would not happen for some years so the CC agreed with A&B C that we would progress it ourselves as the basis for a Conservation Area Charter.

At the time of the 2014 AGM key current issues are: the future of the Bowling Club and its land, and the response of Rhu & Shandon to the discovery that the proposed Helensburgh Wind Farm lies within the boundaries of R&S CC.

The R&S CC website has undergone a massive improvement within the past year due undoubtedly to the dedicated work of our secretary and the small sub-group dealing with communications.

As Convenor my role has been made much easier by the tremendous support and work done by all members of the Community Council. It is appreciated that everyone is a volunteer and gives freely of their time to serve the community but without the energy and commitment given by the individual members we would achieve much less. A big thank you to everyone.
