

Flash Flood Report Stonehaven 6/9/22

Ann Street

Barclay Street

[REDACTED] (Istana Hair & Beauty) - We were affected by the flash flooding on Tuesday, please find attached some photos. As a business owner this seems like another obstacle put in place to not be in business anymore. I have worked hard over the years to keep going but it's getting harder.

Bath Street / Robert Street

[REDACTED] I think we've had enough meetings on the subject.... It's a firm list of actions on an agreed timeline that's required. Town folk cleaning out drains is ridiculous

Flash Flood Report Stonehaven 6/9/22

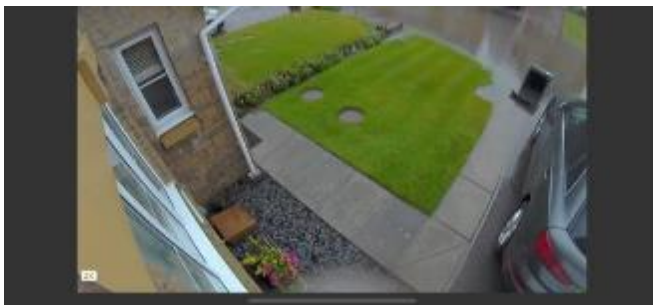

Stonehaven "Up Town"

Highfield Way

█: I saw your request for pictures of issues with drains. The whole town is affected, top to bottom. This is a picture of water in front of my property at 9 Highfield Way with my wheelie bin floating in the street. This is a repeated problem with this drain. Water was only centimetres away from entering my property before the head of water that had built up in the street luckily cleared the drain.

The whole town needs a schedule of routine maintenance and upgrades, especially in the town centre, where between blockages and sub standard drains infrastructure the system does not work, flooding businesses. Several times in last few years.

Hunter Avenue

█ 6/9/22 Please see attached photos of my street and house █ Hunter Drive, Stonehaven, AB39 2BG which was flooded on the 6th September 2022. My house was also flooded on the 12th August 2020 and previously back in 2009. In each occasion I contacted Aberdeenshire Council to get resolution to the issue which seems to be the inability for the drains in the street to clear when heavy downpours

Flash Flood Report Stonehaven 6/9/22

occur. Not once has anyone from Aberdeenshire Council replied or contacted me regarding this issue and with possible solutions, I have had to bear the costs of clean up each time and I see no reason why I should since this issue is clearly a problem with the road and drainage. I am reaching out to you to ask for some assistance in getting some resolution to this issue from Aberdeenshire Council as it appears with weather changes this is becoming a more regular occurrence and I simply cannot accept this happening again. I hope that one or even better all of you can recognize the plight I am in here, I have a partner who is concerned everytime it rains especially if we are away from the property and we are simply looking for a resolution. Please can you take time to highlight this issue to the correct person as I seem to have no voice when contacting Aberdeenshire Council?

7/9/22 Thank you for your prompt reply, Hunter Drive has been known about by Aberdeenshire Council for some time now, it is exacerbated by the fact that there are water pumps installed in the street to assist with the clearing of water from the gullies. I am looking to get answers from Aberdeenshire Council as to what they intend doing to prevent this event happening again to my property, this is purely happening due to a build up of water in the street reaching a level (over a foot) where it then floods into my land. In addition because the waste water (shower, washing machine etc) in these house is tied into the same drainage the remnants of this come up through the drain on my property as the water is being back up from the street, this is an environmental health issue as well. I look forward to hearing back from you regards what Aberdeenshire Council intend to do to rectify this matter, to date I keep get given case numbers (696687 being the latest) and then not hearing a peep!

Mearns Drive

Martin Drive

Jennifer Whyte: Photo from outside of our house Martin Drive. Thankfully no damage just wet feet as I moved my car.

Flash Flood Report Stonehaven 6/9/22

Westfield Court

██████████ - There was no damage to my property or my neighbours on this occasion, but the evidence is there that the drain at the end of my culde-sac did not cope with the amount of rainwater that fell. I attach a photo of Westfield Court, Stonehaven.

Kirkton Road

██████████ - flooding under the bridge by Co-op/Petrol Station,

Flash Flood Report Stonehaven 6/9/22

Slug Road

██████████ - roundabout by slug road starting to flood

██████████ - A wee bit flooded by the station.
