Hot food provision

Our message to affected individuals, families and communities is where you can make your own arrangements for food, warmth etc. you should do so.

However if you can't make your own arrangements, then Aberdeenshire Council will provide food for collection by members of the public at Live Life Aberdeenshire sites (see below).

We won't know until tomorrow morning what food distribution will look like, but it will be based on today's model and an update will go out early tomorrow.

If food needs delivered into other areas, our Area Managers teams will arrange with community groups for them to collect from Live Life Aberdeenshire sites.
