"POLICE REPORT 27/11/17 TO 08/02/18 -

Between 27/11/17 and 08/02/18 police dealt with 6 incidents in the Cromarty area, which is a reduction in the number of local matters from the last period.

These incidents included assistance and advice to members of the public by officers, road traffic matters and one incident of damage caused to a motor vehicle.

There have been no further crimes reported to Police.

The number of incidents in comparison to other areas within the Black Isle and Wester Ross remains low. The area, as a whole, experienced a busy festive period which seems to have continued into the new year.

I have attached a flyer below in relation to Rural Watch. This is scheme that you may already be aware of, or have signed up to however our local wildlife crime liaison officer has asked that I re-iterate the message to our community councils. Please see the details below and should you wish to discuss this further then this can be arranged. This is a useful system to communicate various matters to local communities such as crime prevention messages, details of missing persons and severe weather concerns.

I would like to take this opportunity to apologise for the confusion with regards to the Police report for the last meeting. Should there be any issues or matters arising from the last meeting please do not hesitate to contact me.

Kind Regards

Michael
