

Opportunity Black Isle

Your place, your future

What do you want the Black Isle and your communities to be like in the future?

What are the changes you would like to see? What kind of voice do we want to have, sitting in the middle of the Greenport bubble?

This is your opportunity to create a Black Isle that we are proud to call home: a Black Isle fit for future generations.

Drop in for a chat and a cuppa at any of the events listed and help plan your community for the future.
