The shooting rights are let to Jonathan Yule of Stow Bedon. Jonathan's 5 year contact will last March 31<sup>st</sup> 2017. Jonathan is a successful artist and plans to paint some images of the site.

Beneficiaries received fuel payments over the winter period: in February 2015, 5 people received a payment of £400 each. The list of beneficiaries for the winter period 2015/2016 stands at 5, if anybody feels they qualify or knows of any other person, who may benefit from payments, please let myself or another trustee know so they can be considered. All information will be handled discretely.

As a reminder the Trustees reviewed the Charity's Governing Document in 2007. The revised objects of the charity from the beneficiaries account is:

To make grants to the poor and needy of the Parish of Stow Bedon and Breckles, and

- To make grants for Fuel
- To make grants for Mobility Devices
- To make grants for the Relief of Distress
- To make grants for Further Education

Due to work commitments, the ongoing butterfly transect record will be postponed this year, but will be started again next year.

During 2015-2016 the site will benefit from Habitat Management advise and maybe a grant for habitat management from the Freshwater Habitats Trust's "Flagship Ponds Project."

If anybody has any questions I am always available and will answer to the best of my ability.
